

DLR Kredit A/S

(incorporated as a public limited company in Denmark with CVR no. 25781309)

DKK5,000,000,000

Senior Non-Preferred Note Programme

Under the Senior Non-Preferred Note Programme described in this Base Prospectus (the “**Programme**”) and subject to compliance with all relevant laws, regulations and directives, DLR Kredit A/S (the “**Issuer**”) may from time to time issue senior non-preferred notes (the “**Notes**”), which will rank as described in Condition 4 (*Status of the Notes*) in “Terms and Conditions of the Notes”. The aggregate nominal amount of Notes outstanding under the Programme will not at any time exceed DKK5,000,000,000 (or the equivalent in other currencies at the date of issue).

The Issuer declares that this Base Prospectus has been approved as a base prospectus by the Danish Financial Supervisory Authority, as competent authority under Regulation (EU) 2017/1129 (the “**Prospectus Regulation**”). The Danish Financial Supervisory Authority only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or the quality of the Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

An application may be made to Nasdaq Copenhagen A/S for Notes issued under the Programme to be listed on the official list of Nasdaq Copenhagen A/S and to be admitted to trading on Nasdaq Copenhagen A/S’ regulated market. Nasdaq Copenhagen A/S’ regulated market is a regulated market for the purposes of Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments (as amended) (“**MIFID II**”). The relevant Final Terms, in respect of the issue of any Notes will specify whether or not such Notes will be listed on Nasdaq Copenhagen A/S’ regulated market.

This Base Prospectus has been prepared by the Issuer with a view to having the Notes admitted to trading on Nasdaq Copenhagen A/S’ regulated market.

This Base Prospectus is valid for 12 months from its date in relation to Notes which are to be admitted to trading on a regulated market in the European Economic Area (“EEA”) or in the United Kingdom and/or offered to the public in the EEA or in the United Kingdom. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

The Notes issued under the Programme will be issued in dematerialised book entry form and settled through VP Securities A/S or another securities depository specified in the relevant Final Terms.

The Issuer has been rated A-/Stable/A-2 (Issuer Credit Rating) by S&P Global Ratings Europe Limited (“**S&P**”). S&P is established in the European Union and registered under Regulation (EC) No. 1060/2009 (as amended) (the “**CRA Regulation**”) and is included in the list of credit rating agencies published by the European Securities and Markets Authority (“**ESMA**”) on its website (www.esma.europa.eu) in accordance with the CRA Regulation. Notes to be issued under the Programme will be rated or unrated. Where Notes issued under the Programme are to be rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not a rating in relation to any Notes will be treated as having been issued by a credit rating agency established in the European Union and registered under CRA Regulation will be specified in the relevant Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension, reduction or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the factors described under the section headed “Risk Factors” in this Base Prospectus.

In the case of any Notes either (i) all trades in Notes as well as the initial subscription for Notes shall be in a minimum amount of €100,000 or (ii) the minimum specified denomination of each Note shall be €100,000 (or, in each case its equivalent in any other currency as at the date of issue of the Notes).

This Base Prospectus should be read and construed together with any supplement hereto and with any documents incorporated by reference herein and, in relation to any Tranche (as defined in “*Terms and Conditions of the Notes*” below) of Notes, should be read and construed together with the relevant Final Terms.

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers (as defined in “*General Description of the Programme*” below). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date of this Base Prospectus or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer since the date of this Base Prospectus or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “*Securities Act*”) and the Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons. For a description of certain restrictions on offers and sales of Notes and on the distribution of this Base Prospectus, see “*Subscription and Sale*”. This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Dealers to subscribe for, or purchase, any Notes.

To the fullest extent permitted by law, none of the Dealers accepts any responsibility for the contents of this Base Prospectus or for any other statement, made or purported to be made by a Dealer or on its behalf in connection with the Issuer or the issue and offering of the Notes. Each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise which it might otherwise have in respect of this Base Prospectus or any such statement. No representation or warranty is made or implied by the Dealers or any of their respective affiliates, and none of the Dealers and any of their respective affiliates (other than the Issuer) makes any representation or warranty or accepts any responsibility, as to the accuracy or completeness of the information contained in this Base Prospectus. Neither this Base Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer or the Dealers that any recipient of this Base Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers undertakes to review the financial condition or affairs of any of the Issuer during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers.

Each potential investor of Notes must determine the suitability of investment in light of its own circumstances. In particular, each investor should: (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement to this Base Prospectus; (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular

financial situation, an investment in the Notes and the impact such investment will have on its overall investment portfolio; (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the currency in which such potential investor's financial activities are principally denominated; (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

In connection with the issue of any Tranche of Notes, one or more relevant Dealers named as the Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager(s)) in the relevant Final Terms, may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the Notes and 60 days after the date of the allotment of the Notes. Any stabilisation action or over-allotment must be conducted in accordance with all applicable laws and rules.

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to “**Sterling**” are to the lawful currency of the United Kingdom, those to “**Danish kroner**”, “**Kr**” and “**DKK**” are to the lawful currency of the Kingdom of Denmark, those to “**euro**”, “**EUR**” or “**€**” are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union (as amended from time to time), those to “**Norwegian kroner**” are to the lawful currency of the Kingdom of Norway and those to “**Swedish kronor**” are to the lawful currency of the Kingdom of Sweden.

EEA AND UNITED KINGDOM RETAIL INVESTORS

If the relevant Final Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to EEA and United Kingdom Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA or in the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) no. 1286/2014 (as amended) (the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the United Kingdom has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the United Kingdom may be unlawful under the PRIIPs Regulation.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET

The relevant Final Terms in respect of any Notes will include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under Commission Delegated Directive (EU) 2017/593 (the “**MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

BENCHMARK REGULATION

Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) No. 2016/1011 (the “**Benchmarks Regulation**”). If any such reference rate does constitute such a benchmark, the relevant Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 (Register of administrators and benchmarks) of the Benchmarks Regulation. Transitional provisions in the Benchmarks Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the relevant Final Terms. The registration status of any administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the relevant Final Terms to reflect any change in the registration status of the administrator.

RISK FACTORS

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons. Additional risks not currently known to the Issuer or that it now deems immaterial may also adversely affect the Issuer or affect an investment in the Notes. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

The risk factors are grouped in two main sections. The first section covers risk factors which may affect the Issuer's ability to fulfil its obligations under the Notes issued under the Programme. The second section covers risk factors which the Issuer believes may be material in relation to the Notes (including risks in relation to the structure of a particular issue of Notes, risks related to Notes generally and risks related to the market which may affect the Issuer and/or the Notes).

Word and expressions defined in the "Terms and Conditions of the Notes" below have the same meanings in this section, unless otherwise stated. Reference to a numbered "Condition" shall be to the relevant Condition in the Terms and Conditions of the Notes.

FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

Risks related to the general economic and geopolitical conditions in Denmark and internationally which may have a material adverse effect on the Issuer's business, results of operations, financial position or prospects

The Issuer's business is to grant mortgage credit loans secured against properties within agriculture, office and retail, trade and industry and collective energy supply, land etc. and residential properties in Denmark. In addition, the Issuer to a limited extent grants mortgage loans in the Faroe Islands and Greenland.

The business activities and performance of the Issuer is dependent on the level of finance and financial services required by its customers. In particular, levels of borrowing are dependent on state of the economy, real property prices and market interest rates at the time. As the Issuer currently conducts the majority of its business in Denmark, its performance is influenced by the level and cyclical nature of business activity in Denmark, which is in turn affected by both domestic and international economic and political events.

A negative development in the general economic conditions in Denmark, such as a downturn in the economy, an increase in unemployment in Denmark or a reduction in the value of housing and other collateral provided to the Issuer could have a material adverse effect on the Issuer's business, results of operations, financial position or prospects.

At the date of this Base Prospectus, a wide-spread global pandemic of the infectious disease COVID-19 is taking place. As the disease is relatively new, effective cure and vaccines are yet to be developed.

While COVID-19 is still spreading and the final implications of the pandemic are difficult to estimate at this stage, it is clear that it will affect the lives of a large portion of the global population and cause significant effects. At this time, the pandemic has caused state of emergencies being declared in various countries, travel restrictions being imposed, quarantines been established and various institutions and companies being closed.

The Issuer may be adversely affected by the wider macroeconomic effect of the ongoing COVID-19 pandemic and any possible future outbreaks. While the final effects of the COVID-19 pandemic are at this stage difficult to assess, it is possible that it will have substantial negative effect on the Danish economy where the Issuer operates in. These affects may also take place in case of any possible future outbreaks.

Any of the factors above could have an adverse effect on the Issuer's business, results of operations, financial position or prospects.

Risks relating to non-compliance with the balance principle which may have an adverse effect on the price of the Notes to the detriment of investors and the Issuer's capacity to fulfil its obligations under the Notes

In the course of its lending business, the Issuer applies the specific balance principle laid down in the Executive Order no. 1425 of 16 December 2014 on the Issuance of Bonds, Balance Principle and Risk Management (the "**Executive Order on Bonds**"). This principle dictates consistency between interest and instalments received by the Issuer from borrowers and the Issuer's payments to bondholders. The balance principle also implies that the Issuer does not assume any actual interest risk, currency risk or liquidity risk on its lending operations, including risks associated with prepayment of loans.

Non-compliance with the balance principle may cause the Issuer to lose its authorisation to issue bonds, which may have an adverse effect on the price of the Notes to the detriment of investors and the Issuer's capacity to fulfil its obligations under the Notes.

For a description of the Issuer's risk management, see the section headed "Business Description" in this Base Prospectus.

Credit risk related to borrowers, counterparties and customers of the Issuer which may have an adverse effect on the Issuer's business, results of operations, financial position or prospects

The Issuer's most significant risk is credit risk, defined as the risk of loss caused by the failure of any borrower, bond issuer or other counterparty to honour its payment obligations to the Issuer. This risk should be seen in light of the fact that the Issuer, as a mortgage bank, only grants loans secured against real property. Moreover, these loans are typically partially guaranteed by the financial institutions providing the loans under one of the Issuer's guarantee concepts, and the Issuer can under certain circumstances set-off losses against payments of commission to the financial institutions.

The Issuer may have counterparty risks in connection with financial derivatives in the form of outstanding positive market value, which depends on market factors. The counterparty risk on financial derivatives is reduced through netting agreements and margin calls in accordance with standard documentation such as the International Swaps and Derivatives Association (ISDA) and the International Capital Market Association (ICMA) with major counterparties.

Settlement and delivery risk derives from securities, derivatives and foreign exchange trading.

Adverse changes in the credit quality of the Issuer's borrowers or other counterparties could affect the recoverability and value of the Issuer's assets and require an increase in provisions made for bad and doubtful debts and other provisions.

Given that the Issuer's mortgage loans in its capital centres are secured by mortgages over real property, the credit risk of the Issuer may partly be related to the performance of the real estate and housing markets primarily in Denmark. There can be no guarantees regarding the future development of the value of the collateral. Should the prices of real property substantially decline, this could materially affect the Issuer's financial position and, in turn, its ability to service Notes.

There are many circumstances that affect the level of credit loss, early repayments, withdrawals and final payments of interest and principal amounts, such as changes in the economic climate, both nationally and internationally, and changes regarding taxation, interest rate developments, inflation and/or the political environment. Borrowers may default on their loans granted by the Issuer as a result of interest rate increases or

as a result of adverse developments in their personal circumstances. Defaults by borrowers could jeopardise the Issuer's ability to make payments in full or on a timely basis on the Notes.

Market risk related to adverse developments in market values resulting from fluctuations in interest rates, credit spreads, foreign currency exchange rates and equity and commodity prices, which may have an adverse effect on the Issuer's business, results of operations, financial position or prospects

Market risk is defined as the risk of a loss prompted by unfavourable fluctuations in interest rates, foreign exchange rates and equity prices.

The Issuer's Board of Directors has also laid down principles for the management of and limits for market risks. As the Issuer has decided to comply with the specific balance principle as set out in the Executive Order on Bonds, the market risk associated with the issuance of covered bonds (SDOs) for purposes of financing mortgage loans will reflect the loan terms of the mortgagors. The market risks assumed by the Issuer arise solely as a consequence of a natural need to invest the Issuer's own funds, senior debt and profits/results of operations (the securities portfolio) and prepaid funds.

The Issuer basically targets a low market risk, and the Issuer's policies and guidelines lay down detailed market risk targets as regards placement, amount of interest risk, currency risk, etc. The Issuer's Board of Directors has also laid down a policy for the placement of the securities portfolio and specific limits for the amount and volatility of each type of risk.

On this basis, the Issuer has placed the main part of its securities portfolio in AAA-rated Danish mortgage bonds (ROs), SDOs and mortgage-covered bonds (SDRO), typically short-term papers, and a minor portion in AAA-rated government bonds.

Fluctuations in the debt, foreign exchange or equity markets may affect the market value and liquidity of the Issuer's securities assets. In addition, the occurrence of such events may have an adverse impact on the revenue generated by the Issuer. This could have a negative impact on the Issuer's business and the Issuer's ability to make payments in full or on a timely basis on the Notes.

Funding and liquidity risk related to funding costs, liquidity and refinancing risk and access to funds which may have an adverse effect on the Issuer's business, results of operations, financial position or prospects

Liquidity risk is defined as the risk of markedly higher funding costs and/or inability to honour payments when due. Liquidity risks arise when a lack of funding in the form of bond sales prevents the Issuer from pursuing its business model or from fulfilling its payment obligations. Failure to address the liquidity risk may prevent the Issuer from continuing its operations at their current scope and/or meeting its payment obligations on a timely basis.

Currently, the Issuer's loans are fully match-funded by the issue of covered bonds. The loan rate equals the yield-to-maturity of the bonds sold. Fixed-rate loans have fixed funding throughout the loan term. Adjustable-rate mortgage loans have no fixed funding but are funded by bonds with maturities between one and five years. On refinancing, the loan rate is adjusted to the yield-to-maturity of the bonds sold for the purpose of refinancing. The liquidity risk is therefore primarily related to the risk that borrowers do not make timely interest or principal payments on the loans.

Liquidity risk may also be related to loss in other risk categories where losses prevent the Issuer from refinancing its short-term debt obligations.

Risks related to an increase in the Issuer’s capital requirements, leverage ratio requirements, net stable funding ratio requirement, liquidity requirements and/or risk exposure amounts which could have a material adverse effect on the Issuer’s business, results of operations, financial position or prospects

The regulatory framework for the Issuer’s capital requirements is rooted in Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (the “**CRR**”) and Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (the “**CRD**”) (as implemented in Denmark), and consists of three pillars:

- Pillar I contains a set of rules for calculating the capital requirement (8% of the risk exposure amount for credit risk, market risk and operational risk).
- Pillar II describes the ICAAP (Internal Capital Adequacy Assessment Process) framework and the supervisory review. The ICAAP determines the individual solvency need.
- Pillar III deals with market discipline and sets forth disclosure requirements for risk and capital management and the individual solvency need

Individual solvency need

Pursuant to Executive Order No. 295 of 27 March 2014 on Calculation of Risk Exposures, Own Funds and Solvency Need, banks and mortgage banks are required to publish their individual solvency need each quarter. The individual solvency need is the capital considered sufficient to cover the Issuer’s risks on a consolidated basis. The solvency need is calculated on the basis of the requirement under Pillar I plus a supplement for requirements under Pillar II. Pillar II reflects any uncertainty relating to the risk models, and the capital level is subject to ongoing qualitative adequacy assessments

Combined capital buffer requirement

The Issuer is subject to a combined capital buffer requirement consisting of a capital conservation buffer, an institution-specific countercyclical capital buffer and a systemic risk buffer.

The combined capital buffer requirement consists, in the case of the Issuer of a 2.5 per cent. capital conservation buffer, a 1.0 per cent. systemically important financial institution (“**SIFI**”) buffer and a countercyclical buffer, currently at 0 per cent. (all are stated as a percentage of the overall risk exposure and must be met through the Common Equity Tier 1 capital under CRD/CRR). The countercyclical capital buffer was reduced from 1 per cent. to 0 per cent. on 11 March 2020 as a result of unrest in the financial markets due to the COVID-19 outbreak. Prior to the reduction, it was planned to increase the countercyclical capital buffer to 1.5 per cent. as at 30 June 2020 and to 2.0 per cent as at 30 December 2020. At the date of this Base Prospectus, it is not possible to predict the future development of the countercyclical capital buffer in Denmark.

The Danish Financial Supervisory Authority designates the Danish SIFIs once a year on or before 30 June. Since June 2014, the Danish Financial Supervisory Authority has designated the Issuer as a SIFI. The Issuer is subject to a further buffer requirement of 1.0 per cent. as regards Common Equity Tier 1 capital as of 2020.

CRR Amendment Regulation and CRD Amendment Directive

Regulation (EU) 2019/876 of the European Parliament and of the Council as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements dated 20 May 2019 and published in the Official Journal of the European Union on 7 June 2019 (as amended by Regulation (EU) 2020/873 amending Regulations (EU) No 575/2013 and (EU) 2019/876 as regards adjustments in response to the COVID-19 pandemic) (the “**CRR Amendment Regulation**”) and Directive (EU) 2019/878 of the European Parliament and of the Council as regards exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures

and powers and capital conservation measures dated 20 May 2019 and published in the Official Journal of the European Union on 7 June 2019 (the “**CRD Amendment Directive**”) introduce, among other things, a leverage ratio requirement of 3 per cent. Tier 1 capital, harmonised binding requirement for stable funding (the “**Net Stable Funding Ratio**” or “**NSFR**”) on 100 per cent., strengthening of the conditions for use of internal models and changes to the relevant regulator’s application of the institution specific “Pillar II” capital add-ons (referred to above as the additional own funds requirements). Furthermore, the CRD Amendment Directive authorises the relevant competent authority to require that the institution fulfils its additional own funds requirement with a higher portion of Tier 1 capital or Common Equity Tier 1 capital where necessary (while having regard to the specific circumstances of the relevant institution). The CRR Amendment Regulation and CRD Amendment Directive entered into force on 27 June 2019. The date of application of the new rules varies from the date of their entry into force and 12 months to four years after their entry into force. At the date of this Base Prospectus, it is still uncertain whether (and if so to what extent) the CRR Amendment Regulation and the CRD Amendment Directive will impose additional capital, liquidity and/or leverage requirements on the Issuer, which in turn may affect the Issuer’s capacity to fulfil its obligations under the Notes.

EBA continues to develop rules

The European Banking Authority (“**EBA**”) will continue to propose detailed rules through binding technical standards, guidelines, recommendations and/or opinions in respect of many areas, including the CRR, the CRR Amendment Regulation, the CRD and the CRD Amendment Directive. As a consequence, the Issuer is subject to the risk of possible interpretational changes. Given the uncertainty of the exact wording of the technical standards, they could potentially lead to a reduction in the regulatory capital or an increase in the risk exposure amounts of the Issuer.

Basel III: Finalising post-crisis reforms

On 7 December 2017, the Basel Committee issued a publication titled: “*Basel III: Finalising post-crisis reforms*” (informally referred to as the “**Basel IV**”). The publication includes, among other things, a number of changes to and restrictions for credit institutions using internal models. As a result of the COVID-19 outbreak, the Basel Committee released a statement on 27 March 2020 with a one year deferral to the implementation timeline of Basel IV.

The Basel IV framework includes a number of different requirements. The Issuer believes that the most important component for it is the introduction of a so-called capital floor requirement for credit institutions applying internal ratings-based risk models. The capital floor requirement entails that a credit institution will be subject to a minimum capital requirement across risk types (credit, market and operational risk) of 72.5 per cent. of the capital requirement calculated according to the standardised approach. According to the Basel IV framework, a minimum capital requirement of 50 per cent. will apply to the Issuer as early as 2023 and will gradually increase until fully implemented in 2028. In light of how the Issuer’s risk exposure amounts have been historically calculated, the introduction of such a capital floor implies that the Issuer’s risk exposure amounts would increase significantly, which consequently would increase the Issuer’s capital requirements significantly. The specific impact of Basel IV depends on the EU implementation.

The capital requirements applicable to the Issuer are, by their nature, calculated by reference to a number of factors any one of which or combination of which may not be easily observable or capable of calculation by investors. There can be no assurance that any of the minimum own funds Pillar I requirements, additional own funds requirements or buffer capital requirements applicable to the Issuer will not be amended in the future to include new and more onerous capital requirements.

Any failure by the Issuer to satisfy its regulatory capital requirements, liquidity requirements and other requirements, and any further increases in such requirements, could result in regulatory intervention or sanctions or significant reputation harm, which may have a material adverse effect on the Issuer’s financial

condition, results of operations and prospects, which may affect the Issuer's ability to fulfil its obligations under the Notes.

Risks related to the operations, business and reputation of the Issuer which may have a material adverse effect on the Issuer's business, results of operations, financial position or prospects

Operational risk arises from human errors, system faults, breakdown of IT systems and insufficient or defective internal procedures or external events. Operational risk also includes risk pertaining to reputation and strategy as well as legal risk.

Sophisticated and large-scale lending activities, including those conducted by the Issuer, are increasingly dependent on highly advanced IT systems. The Issuer may be the target of malicious hacking with consequences in the form of shutdown of individual or all IT systems. Consequences of a malicious hacker attack may be the lack of possibility of issuing bonds, lack of possibility of servicing payments on time, etc., which may have a negative effect on the Issuer's activities and the Issuer's ability to pay amounts due on the Notes issued under this Base Prospectus.

The Issuer's operational risk is chiefly handled by way of a comprehensive setup of office procedures and controls. Also, the setup comprises IT contingency plans.

If any of these procedures and controls fail, the Issuer may be exposed to additional costs and liabilities, which may in turn have a negative impact on the Issuer's business and the Issuer's ability to make payments in full or on a timely basis on the Notes.

Risks relating to the Issuer's business model which may have a material adverse effect on the Issuer's business, results of operations, financial position or prospects

In addition to the mortgage collateral provided for the mortgaged properties and thorough credit assessments, the Issuer has reduced the credit risk relating to individual loans and portfolio risks by requiring the financial institutions (the Issuer's shareholders) to provide guarantees for the loans provided as part of the Issuer's business model. In consideration of the provision of loan guarantees and of making their distribution network available for the Issuer's provision of loans, customer services, etc., the Issuer pays commission to the financial institutions.

Changes to the loss-mitigating agreements made with financial institutions or failure on the part of the financial institutions to comply with these agreements may result in increased losses and thus lower earnings for the Issuer. Similarly, changes in the Issuer's current distribution collaboration with shareholder banks could affect the Issuer's future lending and earnings.

Risks related to sanctions which may have a material adverse effect on the Issuer's business, results of operations, financial position or prospects

Danish and international regulation, including personal data, anti-money laundering and antitrust regulation, allows authorities to impose sanctions on financial institutions (such as the Issuer) of significant financial consequences or consequences as to their reputation in the event of violations. As a consequence of the uniform nature of the Issuer's products, errors in individual cases may in certain situations relate to a number of loan and client relationships and hence affect the extent of the claims that are brought against the Issuer. Such circumstances may have a negative effect on the Issuer's activities and the Issuer's ability to pay amounts due on the Notes issued under this Base Prospectus

Resolution tools and powers under the BRRD

Recovery and Resolution Directive

On 15 May 2014, the European Parliament and the Council of the European Union adopted the BRRD. The BRRD, including the general bail-in tool and MREL has been implemented into Danish law with effect as of 1 June 2015 by the Danish Recovery and Resolution Act and by amendments to the Danish Financial Business Act. Any reference to the BRRD below shall include the implementation hereof into Danish law.

The BRRD confers substantial powers on national resolution authorities designed to enable them to take a range of actions in relation to credit institutions which are considered to be at risk of failing. The exercise of any of these actions in relation to the Issuer could materially adversely affect the value of any Notes.

The BRRD is designed to provide authorities designated by Member States with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing credit institution or investment firm (each, an “**institution**”) to ensure the continuity of the institution’s critical financial and economic functions while minimising the impact of an institution’s failure on the economy and financial system.

The BRRD contains four resolution powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest. An institution will be considered as failing or likely to fail when either: (i) it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; (ii) its assets are, or are likely in the near future to be, less than its liabilities; (iii) it is, or is likely in the near future to be, unable to pay its debts as they fall due; or (iv) it requires extraordinary public financial support (except in limited circumstances).

The relevant resolution authority may use the following resolution tools and powers alone or in combination without the consent of the institution’s creditors: (i) sale of business – which enables resolution authorities to direct the sale of the institution or the whole or part of its business on commercial terms; (ii) bridge institution – which enables resolution authorities to transfer all or part of the business of the institution to a “bridge institution” (an entity created for this purpose that is wholly or partially in public control), which may limit the capacity of the institution to meet its repayment obligations; (iii) asset separation – which enables resolution authorities to transfer assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in relating to eligible liabilities – which gives resolution authorities the power to write down certain claims of unsecured creditors of a failing institution (the write-down may result in the reduction of such claims to zero) and to convert certain unsecured debt claims to equity or other instruments of ownership (the “**general bail-in tool**”). The converted equity or other instruments could also be subject to any future application of the general bail-in tool. The general bail-in tool does not apply to mortgage banks such as the Issuer.

Additional powers of Member States and resolution authorities

The BRRD also provides for a Member State as a last resort, after having assessed and applied the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

The BRRD also provides resolution authorities with broader powers to implement other resolution measures with respect to distressed institutions, which may include (without limitation) the replacement or substitution of the institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the amount of interest payable and/or imposing a temporary suspension on payments) and discontinuing the listing and admission to trading of financial instruments.

MREL and related requirements

With the implementation in Denmark of the BRRD, Danish banks, but not mortgage banks such as the Issuer, are required to have bail in-able resources in order to fulfil the Minimum Requirement for own funds and Eligible Liabilities (“**MREL**”). In connection with the Danish implementation of BRRD, it was adopted that all Danish mortgage banks, such as the Issuer, must have a debt buffer of 2 per cent. calculated on the basis of the total unweighted lending of the individual mortgage bank.

On 1 July 2018, the Danish Act no. 706 of 8 June 2018 amending the Danish Financial Business Act, the Danish Anti-Money Laundering Act, the Danish Alternative Investment Fund Managers etc. Act and other acts entered into force (“**Act no. 706**”). Act no. 706 introduced certain amendments to the debt buffer requirement for mortgage banks as well as certain amendments related to the MREL requirement. Moreover, Directive 2017/2399/EU amending the BRRD (the “**Insolvency Hierarchy Directive**”) as regards the ranking of unsecured debt instruments in insolvency hierarchy was implemented into Danish law by way of Act no. 706. The debt buffer requirement is stipulated in section 125i of the Danish Financial Business Act (the “**Debt Buffer Requirement**”). The Debt Buffer Requirement states that if a Danish mortgage bank has been designated as a SIFI (such as the Issuer), the debt buffer must be set at a level that ensures that the combined requirement of the mortgage bank’s debt buffer and own funds amounts to at least 8 per cent. of the mortgage bank's total liabilities. According to Act no. 706, the Debt Buffer Requirement will be fully applicable from 1 January 2022.

According to the preparatory remarks to Act no. 706, the debt buffer is to be evaluated by 2021 at the latest, and the evaluation is to be conducted in light of, inter alia, the development of the MREL requirement on an EU level, including the effects of Basel IV.

The BRRD Amendment Directive

Directive (EU) 2019/879 of the European Parliament and of the Council dated 20 May 2019 and published in the Official Journal of the European Union on 7 June 2019 (the “**BRRD Amendment Directive**”) includes, among other things, proposals to implement TLAC into EU legislation. The BRRD Amendment Directive entered into force on 27 June 2019. The date of application of the BRRD Amendment Directive is 18 months after its entry into force (with certain exemptions). The incorporation of the TLAC standard into the existing MREL framework is expected to provide clarity in the regulatory framework surrounding MREL and TLAC, both in terms of the framework for setting banks’ requirements as well as the instruments that can be used to fulfil such requirements. The CRR as amended by way of the CRR Amendment Regulation will set the requirement for the instruments that can be used to fulfil the MREL and TLAC requirement.

According to the BRRD Amendment Proposal, mortgage banks, such as the Issuer, are still exempt from the application of the MREL requirement. However, there can be no assurance that mortgage banks will remain exempt from the MREL requirement in the future or that the conditions for exemption of the MREL requirement will continue to be fulfilled for Danish mortgage banks, such as the Issuer. In the event that an MREL requirement is imposed on the Issuer, it may have an adverse impact on the Issuer’s liquidity, its funding costs, its lending abilities and its financial position.

Exercise of powers under the BRRD

The powers set out in the BRRD will impact how credit institutions, mortgage banks and investment firms are managed, as well as, in certain circumstances, the rights of creditors.

Any application of the resolution tools and powers under the BRRD shall be in accordance with the hierarchy of claims in normal insolvency proceedings. Accordingly, the impact of such application on Noteholders will depend on their ranking in accordance with such hierarchy, including any priority given to other creditors.

To the extent any resulting treatment of Noteholders pursuant to the application of the resolution tools and powers is less favourable than would have been the case under such hierarchy in normal insolvency proceedings, such Noteholder has a right to compensation under the BRRD based on an independent valuation of the institution (which is referred to as the “no creditor worse off” principle under the BRRD). However, any

such compensation is unlikely to compensate that holder for the losses it has actually incurred and there is likely to be a considerable delay in the recovery of such compensation. Compensation payments (if any) are also likely to be made considerably later than when amounts may otherwise have been due under any Notes that have been affected by the application of the resolution tools and powers under the BRRD.

As a result, the exercise of any power under the Danish Recovery and Resolution Act or any suggestion of such exercise could, therefore, materially adversely affect the rights of Noteholders, as applicable, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

Risks relating to the Issuer's participation in the Deposit Guarantee Scheme and resolution fund which may result in the Issuer to incur additional costs

In Denmark and other jurisdictions, deposit guarantee schemes and similar funds (each, a “**Deposit Guarantee Scheme**”) have been implemented from which compensation for deposits may become payable to customers of financial services firms in the event that such financial services firm is unable to pay, or unlikely to pay, claims against it. In many jurisdictions, these Deposit Guarantee Schemes are funded, directly or indirectly, by financial services firms, which operate and/or are licensed in the relevant jurisdiction. The future target level of funds to be accumulated in Deposit Guarantee Schemes and resolution funds across different EU countries may exceed the minimum levels provided for in Directive (2014/59/EU) (the “**BRRD**”), Directive 2014/49/EU (the “**Revised Deposit Guarantee Schemes Directive**”) and in EU Regulation no. 806/2014 and EU Regulation no. 81/2015 of the European Parliament and of the Council establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund (the latter of which will be relevant should Denmark choose to participate in the Banking Union and Single Resolution Mechanism).

Through participation in the Deposit Guarantee Scheme, both Danish banks and mortgage banks, such as the Issuer, undertakes to cover losses incurred on covered deposits for banks and covered cash funds for mortgage banks held with distressed credit institutions. The Danish Deposit Guarantee Scheme fund's capital must amount to at least 0.8 per cent. of the covered deposits of Danish banks and 0.8 per cent. of the covered cash funds for Danish mortgage banks.

The Danish Guarantee Scheme fund is currently fully funded. If the fund subsequently does not have sufficient means to make the required payments, extraordinary contributions of up to 0.5 per cent. of the individual institution's covered deposits or covered cash funds, as applicable, may be required.

In addition, the Issuer contributes to the Danish resolution fund established as the Danish resolution financing arrangement under the BRRD, which fund's capital must amount to 1.0 per cent. of the covered deposits of Danish banks and 1.0 per cent. of the covered cash funds for Danish mortgage banks by 31 December 2024.

It is still unclear whether Denmark, despite being outside the Eurozone, will join the European Banking Union and therefore be part of the Single Resolution Mechanism. It therefore remains unclear which costs the Issuer will incur in the coming years in relation to payments to deposit guarantee funds and/or resolution funds on a national or European level.

Risk pertaining to the use of risk models

The Danish Financial Supervisory Authority has approved the Issuer's use of internal ratings-based risk models to determine the risk exposure amount for credit risk of the full-time farm portfolio. As they are internal models, it is not certain that they capture the real credit risk satisfactorily. The Issuer's internal models may be changed as a result of various factors, including changes in credit markets, changes in national or international legislation, and changes in supervision practice. Changes to the models may result in increased capital requirements for the Issuer and thereby reduce the current capital level.

Limitations to the liability of the Issuer

The Issuer shall be liable for damages resulting from any delay or default in performing its obligations if such delay or default is due to errors or negligence. Even in areas where a stricter statutory liability applies, the Issuer shall not be liable for losses due to: (i) the breakdown of/lack of access to IT systems or damage to the data of these systems which can be attributed to the events below regardless of whether the Issuer itself or an external supplier is responsible for the operation of the systems; (ii) failures in the Issuer's power supply or telecommunications, statutory intervention or administrative acts, natural disasters, war, insurrections, civil riots, sabotage, terror or vandalism (including computer viruses and hacking); (iii) strike, lockout, boycott or blockade regardless of whether the conflict is directed at or initiated by the Issuer itself or its organisation and regardless of the reason for the conflict. This shall also apply where the conflict only affects part of the Issuer; (iv) other circumstances beyond the Issuer's control. The Issuer's exemption from liability shall not apply if: (a) the Issuer should have anticipated the factor causing the loss when the agreement or contract was concluded or (b) should have avoided or overcome the reason for the loss; or (iii) the Issuer is liable for the factor which caused the loss pursuant to current legislation.

General regulatory risk related to changes in supervision and regulation which may affect the Issuer's business, the products and services offered or the value of its assets

The Issuer is subject to extensive legal regulation in respect of its conduct as a mortgage bank in Denmark. Regulatory risk is the risk that changes in supervision and regulation applicable to the Issuer, in particular in Denmark, could materially affect the Issuer's business, the products and services offered or the value of its assets. Future changes in regulation, fiscal or other policies can be unpredictable and are beyond the control of the Issuer.

Regulatory risk may also arise from a failure by the Issuer to comply with laws and regulations, which could lead to civil liability, disciplinary action, the imposition of fines and/or the revocation of the licence, permission or authorisation to conduct the Issuer's business in the jurisdictions in which the Issuer operates.

Various aspects of banking regulations are still under debate in the EU, including, inter alia, proposals to review standardised approaches for capital requirements for credit, market and operational risk (together with a proposed capital floor based on the revised standardised approaches for banks using internal models) (see "*Risks related to an increase in the Issuer's capital requirements, leverage ratio requirements, net stable funding ratio requirement, liquidity requirements and/or risk exposure amounts which could have a material adverse effect on the Issuer's business, results of operations, financial position or prospects*" above).

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME

Risks related to the structure of the Notes

The Notes have features which contain particular risks for potential investors. Set out below is a description of certain such features:

The Notes rank junior to unsubordinated creditors pursuant to section 97 of the Danish Bankruptcy Act

Subject to Condition 6 (*Loss absorption following a Resolution Event*) the Notes will constitute direct and unsecured debt obligations of the Issuer, which rank as described in Condition 4 (*Status of the Notes*) and, in particular, the Notes will rank junior to present or future claims of unsubordinated creditors of the Issuer pursuant to section 97 of the Danish Bankruptcy Act.

Moreover, as stated in Condition 4(a) (*Status of the Notes*), the Notes will rank *pari passu* with three tranches of senior non-preferred notes issued by the Issuer in 2018 and 2019 and one tranche of senior resolution notes issued by the Issuer in 2017.

The Issuer may issue other unsubordinated obligations or instruments that rank or are expressed to rank senior to the Notes as regards the right to receive periodic payments on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer. In the event of a liquidation or bankruptcy of the Issuer, the Issuer will be required to pay its depositors and its unsubordinated creditors pursuant to section 97 of the Danish Bankruptcy Act in full before it can make any payments on the Notes. If this occurs, the Issuer may not have enough assets remaining after these payments are made to pay amounts due under the Notes.

In addition, in the event of a liquidation or bankruptcy of the Issuer, to the extent the Issuer has assets remaining after paying its creditors who rank senior to the Notes, payments relating to other obligations or instruments of the Issuer that rank *pari passu* with the Notes may, if there are insufficient assets to satisfy the claims of all of the Issuer's *pari passu* creditors, further reduce the assets available to pay amounts due under the Notes on a liquidation or bankruptcy of the Issuer.

Loss absorption following a Resolution Event

The Notes include a principal loss absorption feature that means that the proceeds of their issue will be available to absorb any losses of the Issuer upon the occurrence of a Resolution Event. The principal loss absorption feature is included as a contractual provision of the Notes as a result of the fact that the general bail-in tool under the BRRD as implemented in Denmark does not apply to Danish mortgage banks such as the Issuer. The principal loss absorption feature applicable to the Notes is (A) intended to have the same effect as the general bail-in tool would have to an institution to which the general bail-in tool applies and (B) included as a contractual provision in the Conditions as the Notes are intended to be (i) used to fulfil the debt buffer requirement of the Issuer pursuant to section 125i of the Danish Financial Business Act and/or the MREL requirement (if applicable) of the Issuer (ii) eligible for inclusion in the Additional Loss-Absorbing Capacity of the Issuer as described by S&P.

Upon the occurrence of a Resolution Event, the Outstanding Principal Amounts of the Notes may be written-down permanently (in whole or in part) or the Notes may be converted (in whole or in part) into a subordinated instrument of the Issuer, all as determined by the Relevant Regulator and/or the Danish Resolution Authority, provided that all other debt instruments and other obligations of the Issuer which are expressed to rank or which rank junior to the Notes in the case of bankruptcy or liquidation of the Issuer have already fully absorbed losses of the Issuer to the extent required by the Danish Resolution Authority before any write-down or conversion of the Notes pursuant to the application of Condition 6 (*Loss absorption following a Resolution Event*)

Holders of Notes will lose all or a part of their investment as a result of (i) such a write-down to the Outstanding Principal Amounts of the Notes or (ii) such a conversion of the Notes to a subordinated instrument. Any such write-down or conversion is not a default in payment pursuant to the Conditions.

Following (i) a write-down of the Outstanding Principal Amounts of the Notes or (ii) a conversion of the Notes into a subordinated instrument of the Issuer, in either case as described above, the holders of Notes will be automatically deemed to waive irrevocably their right to receive, and no longer have any rights against the Issuer with respect to, repayment of the aggregate principal amount of the Notes so written down or converted (such amount, the “**Written Down Amount**” or the “**Converted Amount**”) or any accrued but unpaid interest on the Written Down Amount or Converted Amount.

Investors should note that any such write-down or conversion as a result of the occurrence of a Resolution Event will be irrevocable and that the holders of Notes will, following any such write-down or conversion, not be entitled (A) to any subsequent reinstatement of any Written Down Amount or any Converted Amount or (B) to receive any additional subordinated instruments or any other compensation in the event of a potential recovery of the Issuer.

The market price of the Notes is expected to be affected by the financial viability of the Issuer. Any indication that the Issuer is failing or likely to fail may have an adverse effect on the market price of the Notes.

Investors should note that, while neither a write-down of the Outstanding Principal Amounts of the Notes nor a conversion of the Notes into a subordinated instrument of the Issuer is common, the occurrence of either such event is an appreciable risk and is not limited to the liquidation or bankruptcy of the Issuer.

Uncertainty in respect of the enforceability relating to the principal loss absorption feature of the Notes

The principal loss absorption feature for the Notes included in the Conditions grants broad powers and a wide discretion to the Relevant Regulator and/or the Danish Resolution Authority as to the precise scope and manner in which the loss absorption should be effected if a Resolution Event were to occur. Certain provisions of the BRRD as implemented into Danish law would apply to an application of the principal loss absorption feature. For example, according to section 49 of the Danish Recovery and Resolution Act, the Danish Resolution Authority can only exercise its powers to write-down or convert the Notes as described in Condition 6 (*Loss absorption following a Resolution Event*) to the extent that the holders of Notes do not incur greater losses than they would have incurred had the Issuer been wound up under normal insolvency proceedings. Moreover, section 125i(9) of the Danish Financial Business Act stipulates that the Danish Financial Supervisory Authority may require that the debt buffer requirement for a Danish mortgage bank be met in whole or in part with capital or debt instruments which contain a contractual provision providing for write-down or conversion. However, unlike the general bail-in tool which applies to Danish banks, but not to Danish mortgage banks such as the Issuer, there is no explicit statutory basis for the principal loss absorption feature. The broad powers and large discretion granted to the Relevant Regulator and/or the Danish Resolution Authority and the lack of statutory basis for the principal loss absorption feature mean that there is some uncertainty in respect of (i) the enforceability of the principal loss absorption feature and (ii) the precise scope and manner in which it may be effected if a Resolution Event were to occur.

Notes subject to redemption by the Issuer upon the occurrence of a Tax Event

Subject as provided in the Conditions, the Issuer may, at its option, redeem all, but not some only, of the Notes at any time at their Early Redemption Amount plus accrued interest thereon upon the occurrence of a Tax Event.

An early redemption feature is likely to limit the market value of the Notes. During any period when the Issuer may elect to redeem the Notes or is perceived to be able to redeem the Notes, the market value of the Notes generally will not rise substantially above the price at which they can be redeemed.

The Issuer may be expected to exercise its option to redeem the Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Notes may be subject to redemption by the Issuer upon the occurrence of an Eligibility Event

Subject as provided in the Conditions, and if so specified in the relevant Final Terms, the Issuer may, at its option, redeem all, but not some only, of the Notes at any time at their Early Redemption Amount plus accrued interest thereon upon the occurrence of an Eligibility Event.

An early redemption feature is likely to limit the market value of the Notes. During any period when the Issuer may elect to redeem the Notes or is perceived to be able to redeem the Notes, the market value of the Notes generally will not rise substantially above the price at which they can be redeemed.

The Issuer may be expected to exercise its option to redeem the Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption

proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Substitution and variation of the Notes without consent from the Noteholders

If an Alignment Event, and/or an Eligibility Event and/or a Rating Methodology Event and/or a Tax Event has/have occurred and is/are continuing, the Issuer may, at its option, substitute all (but not some only) of the Notes or vary the terms of all (but not some only) of the Notes without any requirement for the consent or approval of the Noteholders, so that they become or remain Qualifying Notes.

Qualifying Notes are securities issued or guaranteed by the Issuer that have, *inter alia*, terms not otherwise materially less favourable to the Noteholders than the terms of the Notes, as reasonably determined by the Issuer (provided that the Issuer shall have delivered a certificate to that effect signed by two members of its Executive Board to the Fiscal Agent). There can be no assurance that, due to the particular circumstances of each Noteholder, any Qualifying Notes will be as favourable to each Noteholder in all respects or that, if it were entitled to do so, a particular Noteholder would make the same determination as the Issuer as to whether the terms of the relevant Qualifying Notes are not materially less favourable to Noteholders than the terms of the Notes.

It is expected that the credit rating of Notes by one or more credit rating agencies will be lower than the Issuer's credit rating reflecting the increased risk of loss in the event of the Issuer's insolvency

The Notes upon issue, are expected to be rated by one or more credit rating agencies lower than the Issuer's credit rating, reflecting the increased risk of loss in the event of the Issuer's insolvency.

In addition, the rating may change in the future depending on the assessment, by one or more credit rating agencies, of the impact on the different instrument classes resulting from the changed liability structure following the issuance of the Notes.

There are no events of default and limited enforcement events

Each Series of Notes will not contain any events of default and will only contain limited enforcement events relating to:

- (i) non-payment by the Issuer of any amounts due under the relevant Series of Notes. In such circumstances, as described in more detail in Condition 11 (*Enforcement Events*) and subject as provided below, a Noteholder may institute proceedings in Denmark in order to recover the amounts due from the Issuer to such Noteholder; and
- (ii) the liquidation or bankruptcy of the Issuer. In such circumstances, as described in more detail in Condition 11 (*Enforcement Events*), the relevant Series of Notes will become due and payable at their outstanding principal amount, together with accrued interest thereon.

Accordingly, a Noteholder under such Series of Notes may not itself file for the liquidation or bankruptcy of the Issuer.

Notes subject to optional redemption by the Issuer

An optional redemption feature is likely to limit the market value of the Notes. During any period when the Issuer may elect to redeem the Notes or is perceived to be able to redeem the Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to exercise its option to redeem the Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption

proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

No right of set-off or counterclaim

Subject as provided in the Conditions and as a general principle of Danish law, no Noteholder, who shall in the event of the liquidation or bankruptcy of the Issuer be indebted to the Issuer, shall be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the Notes held by such Noteholder.

Limitation on gross-up obligation under the Notes

The Issuer's obligation to pay additional amounts in respect of any withholding or deduction in respect of taxes under the terms of the Notes applies only to payments of interest due and paid under such Notes and not to payments of principal. As such, the Issuer would not be required to pay any additional amounts under the terms of the Notes to the extent any withholding or deduction applied to payments of principal. Accordingly, if any such withholding or deduction were to apply to any payments of principal under the Notes, holders of such Notes may receive less than the full amount due under the Notes, and the market value of the Notes may be adversely affected. Noteholders should note that principal for these purposes may include any payments of premium.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks" (such as a Reference Rate), are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a "benchmark". Regulation (EU) No. 2016/1011 (the "**Benchmarks Regulation**") was published in the Official Journal of the EU on 29 June 2016 and has applied since 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a "benchmark", in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the "benchmark".

Currently, work is undertaken in Denmark and internationally to reform and/or find alternatives to existing (in full or in part) estimate-based reference rates in most currencies, with a view to securing the use of transaction-based reference rates to a greater extent. In the long term, this may be of importance to the development and use of Danish and international reference rates, such as EURIBOR and CIBOR.

Separate workstreams are underway in Europe to transition EURIBOR to a hybrid methodology and to provide a fallback by reference to a euro risk-free rate (based on a euro overnight risk-free rate as adjusted by a methodology to create a term rate). On 13 September 2018, the working group on euro risk-free rates recommended Euro Short-term Rate (“**€STR**”) as the new risk free rate for the euro area. €STR was published for the first time by the ECB on 2 October 2019. In addition, the euro risk-free rate working group has published; (i) on 21 January 2019, a set of guiding principles for fallback provisions in new euro denominated cash products (including bonds). The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts without robust fallback provisions may increase the risk to the euro area financial system; and (ii) on 6 November 2019, high level recommendations for fallback provisions in, among other things, cash products (including bonds) referencing EURIBOR.

In Denmark, Finance Denmark (a Danish business association for banks, mortgage banks, asset management, securities trading and investment funds in Denmark) published in February 2020 its proposal for a DKK risk-free reference rate called Denmark Short-term Rate (“**DESTR**”) based on Danish kroner overnight deposits. DESTR is currently in the testing phase, and it is expected to be decided during 2020 whether DESTR should be a benchmark Danish reference rate. The impact of DESTR on CIBOR is currently unclear.

It is not possible to predict with certainty whether, and to what extent, EURIBOR, CIBOR and other benchmarks will continue to be supported going forwards. This may cause EURIBOR, CIBOR and other benchmarks to perform differently than they have done in the past, and may have other consequences which cannot be predicted.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements.

Such factors may have the following effects on certain benchmarks: (i) discourage market participants from continuing to administer or contribute to the benchmark; (ii) trigger changes in the rules or methodologies used in the benchmark or (iii) lead to the disappearance of the benchmark.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms in making any investment decision with respect to any Notes linked to or referencing a “benchmark”.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the “benchmark”.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms in making any investment decision with respect to any Notes linked to or referencing a “benchmark”.

Future discontinuance of certain benchmark rates (for example, EURIBOR or CIBOR) may adversely affect the value of Floating Rate Notes which are linked to or which reference any such benchmark rate

Investors should be aware that, if a benchmark rate such as EURIBOR or CIBOR were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which are linked to or which reference such benchmark rate will be determined for the relevant period by the fallback provisions applicable to such Notes. The Conditions provide for certain fallback arrangements in the event that a published benchmark, such as

EURIBOR or CIBOR, (including any page on which such benchmark may be published (or any successor service)) becomes unavailable or if a Benchmark Event (as defined in “*Terms and Conditions of the Notes*” below) otherwise occurs.

If the circumstances described in the preceding paragraph occur and, in the case of Floating Notes, Reference Rate Replacement is specified in the relevant Final Terms as being applicable and Screen Rate Determination is specified in the relevant Final Terms as the manner in which the rate of interest is to be determined (any such Notes “**Relevant Notes**”), such fallback arrangements will include the possibility that:

- (i) the relevant rate of interest (or, as applicable, component thereof) could be set or, as the case may be, determined by reference to a Successor Reference Rate or an Alternative Reference Rate (as applicable) determined by the Issuer (following consultation with an Independent Adviser (if any)); and
- (ii) such Successor Reference Rate or Alternative Reference Rate (as applicable) may be adjusted (if required) by the Issuer (following consultation with an Independent Adviser (if any)) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the Original Reference Rate with the relevant Successor Reference Rate or Alternative Reference Rate (as applicable),

in any such case, acting in good faith and in a commercially reasonable manner as described more fully in the Conditions of the Relevant Notes.

In addition, the Issuer (following consultation with an Independent Adviser (if any)) may also determine (acting in good faith and in a commercially reasonable manner) that other amendments to the Conditions of the Notes are necessary in order to follow market practice in relation to the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) and to ensure the proper operation of the relevant Successor Reference Rate or Alternative Reference Rate (as applicable).

No consent of the Noteholders shall be required in connection with effecting any relevant Successor Reference Rate or Alternative Reference Rate (as applicable) or any other related adjustments and/or amendments described above.

If, following the occurrence of a Benchmark Event, no Successor Reference Rate or Alternative Reference Rate is determined, the ultimate fallback for determining the rate of interest for a particular Interest Period or Interest Accrual Period (as applicable) may result in the rate of interest for the last preceding Interest Period or Interest Accrual Period (as applicable) being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page for the purposes of determining the rate of interest in respect of an Interest Period or an Interest Accrual Period (as applicable). In addition, due to the uncertainty concerning the availability of Successor Reference Rates and Alternative Reference Rates, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the relevant Floating Rate Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the relevant Floating Rate Notes. Investors should note that, in the case of Relevant Notes, the Issuer will have discretion to adjust the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected commercial consequences and there can be no assurance that, due to the particular circumstances of each Noteholder, any such adjustment will be favourable to each Noteholder.

In addition, potential investors should also note that:

- (i) no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the relevant Notes will be made, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the eligibility of the relevant Notes for the purposes of the Debt Buffer Requirement of the Issuer and/or the MREL Requirement (if applicable) of the Issuer; and/or
- (ii) no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the relevant Notes will be made, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the Relevant Regulator treating the next Interest Payment Date as the effective maturity of the relevant Notes, rather than the relevant Maturity Date.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification and waivers

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Issuer may also, subject to the provisions of Condition 17 (*Modification of Notes*), make any modification to the Notes, which is not prejudicial to the interests of the Noteholders without the consent of the Noteholders. Any such modification shall be binding on the Noteholders.

Because the Notes are dematerialised securities, investors will have to rely on the clearing system procedures for transfer, payment and communication with the Issuer.

Notes issued under the Programme will not be evidenced by any physical note or document of title other than statements of account made by VP or other securities depository through which the Notes are issued and settled. Ownership of the Notes will be recorded and transfer effected only through the book entry system and register maintained by VP or other securities depository through which the Notes are issued and settled.

Minimum trading amount of Notes

All trades in Notes shall either be in a minimum amount of €100,000 or the minimum specified denomination of each Note shall be a minimum €100,000 (or, in each case, if the Notes are denominated in a currency other than euro, the equivalent amount as of the relevant date of issue in such other currency). In such a case a Noteholder who, as a result of trading such amounts, holds an amount which is less than €100,000 in its account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of the Notes at or in excess of €100,000 such that its holding amounts to €100,000 or above (or, in each case, if the Notes are denominated in a currency other than euro, the equivalent amount as of the relevant date of issue in such other currency).

Change of law

The Conditions are based on Danish law in effect as at the date of issue of the Notes. No assurance can be given as to the impact of any possible judicial decision or change to Danish law or administrative practice after the date of issue of the Notes.

Risks related to the market which may affect the Issuer and/or the Notes

Set out below is a brief description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If an active trading market does not develop or is not maintained, the market price and liquidity of the Notes may be adversely affected. If a market does develop, it may not be very liquid and any liquidity in such market could be significantly affected by any purchase and cancellation of the Notes by the Issuer, as provided in Condition 7 (*Redemption, purchase and options*). Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of the Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Notes with a fixed rate of interest for all or part of their tenor involves the risk that subsequent changes in market interest rates may adversely affect the value of such Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended, reduced or withdrawn by the rating agency at any time.

In addition, there is no guarantee that any rating of the Notes and/or the Issuer will be maintained by the Issuer following the date of this Base Prospectus. If any rating assigned to a Series of Notes and/or the Issuer is revised lower, suspended, withdrawn or not maintained by the Issuer, the market value of such Notes may be reduced. Furthermore, any reduction in the credit rating of the Issuer could cause a deterioration in the market's perception of the Issuer's financial resilience, which could significantly increase its borrowing costs and/or limit the Issuer's access to liquidity, thus adversely affecting the Issuer's competitive position, increase its funding costs and, hence, have an adverse effect on the Issuer's business, results, financial position of prospects.

Finally, the Issuer's credit ratings may decline if the rating of the Kingdom of Denmark declines irrespective that there is no direct connection with the Issuer's activities.

The Issuer is exposed to changing methodology by rating agencies

The Issuer is exposed to changes in the rating methodologies applied by rating agencies. Any adverse changes of such methodologies may materially and adversely affect the Issuer's operations or financial condition, the Issuer's willingness or ability to leave individual transactions outstanding and adversely affect the Issuer's capital market standing.

The Issuer may decline ratings and the Notes may be rated on a non-solicited basis

To the extent permitted by a rating agency hired by the Issuer, the Issuer may decline a rating (which may include a non-investment grade rating) assigned by the hired rating agency to the Notes, which would typically delay the publication of that rating by such rating agency. In addition to ratings assigned by any hired rating agencies, rating agencies not hired by the Issuer to rate the Notes may assign unsolicited ratings. If any non-hired rating agency assigns an unsolicited rating to the Notes, there can be no assurance that such rating will not differ from, or be lower than, the ratings provided by a hired rating agency. The decision to decline a rating assigned by a hired rating agency, the delayed publication of such rating or the assignment of a non-solicited rating by a rating agency not hired by the Issuer could adversely affect the market value and liquidity of the Notes.

GENERAL DESCRIPTION OF THE PROGRAMME

The following overview is qualified in its entirety by the remainder of this Base Prospectus. Words and expressions defined in “Terms and Conditions of the Notes” below shall have the same meanings in this general description of the Programme.

Issuer:	DLR Kredit A/S
Description:	Senior Non-Preferred Note Programme
Size:	DKK5,000,000,000 (or the equivalent in other currencies at the date of issue) aggregate nominal amount of Notes outstanding at any one time
Dealers:	The Issuer may from time to time appoint dealers in respect of one or more Tranches. References in this Base Prospectus to “Dealers” are to all persons appointed as a dealer in respect of one or more Tranches.
Fiscal Agent and Paying Agent:	DLR Kredit A/S
Issuing Agent:	DLR Kredit A/S (being authorised by the Securities Depository to process and register issues in the system operated by the Securities Depository).
Method of Issue:	The Notes will be issued on a syndicated or non-syndicated basis. The Notes will be issued in Series having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in Tranches on the same or different issue dates. The specific terms of each Tranche (which will be completed, where necessary, with the relevant terms and conditions and, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be completed in the relevant Final Terms.
Issue Price:	Notes may be issued at their nominal amount or at a discount or premium to their nominal amount.
Form of Notes	The Notes will be issued in dematerialised book entry form.
Clearing System:	VP Securities A/S or another securities depository specified in the relevant Final Terms.
Status of Notes:	<p>The Notes on issue will constitute Senior Non-Preferred Obligations of the Issuer. Subject to Condition 6 (<i>Loss absorption following a Resolution Event</i>), the Notes will constitute direct and unsecured debt obligations of the Issuer, and shall at all times rank:</p> <ul style="list-style-type: none">(i) <i>pari passu</i> without any preference among themselves;(ii) (a) <i>pari passu</i> with the Existing Senior Non-Preferred Notes and the Existing Senior Resolution Notes and (b) <i>pari passu</i> with any other obligations or instruments of the Issuer that rank or are expressed to rank equally with the Notes

(including any other Senior Non-Preferred Obligations of the Issuer), in each case as regards the right to receive periodic payments on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer;

- (iii) senior to holders of the Issuer's ordinary shares and any subordinated obligations or capital instruments of the Issuer that rank or are expressed to rank junior to the Notes, or any obligations pursuant to section 98 of the Danish Bankruptcy Act, in each case as regards the right to receive periodic payments on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer; and
- (iv) junior to present or future claims of unsubordinated creditors of the Issuer pursuant to Section 97 of the Danish Bankruptcy Act and any other unsubordinated creditors of the Issuer that are not creditors in respect of Senior Non-Preferred Obligations, in each case as regards the right to receive periodic payments on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer.

The Issuer reserves the right in the future to issue other notes or instruments which rank identical to, or different to, the Notes.

Currencies:

Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in any currency agreed between the Issuer and the relevant Dealer(s).

Maturities:

Notes may be issued having any maturity, subject to such minimum or maximum maturity as may be allowed or required from time to time by the Relevant Regulator or any laws or regulations applicable to the Issuer or the relevant Specified Currency.

As at the date of this Base Prospectus,

- (i) the Danish Financial Business Act provides that, to be eligible to fulfil the Debt Buffer Requirement, each Tranche of Notes must have an original maturity of at least two years, and
- (ii) section 13(3) of the Danish Recovery and Resolution Act provides that, to rank as Senior Non-Preferred Obligations, each Tranche of Notes must have an original maturity of at least one year.

Redemption:

Subject to any purchase and cancellation or early redemption the Notes will be redeemed at their Final Redemption Amount on the Maturity Date.

Specified Denomination:

Notes will be issued in such denominations as may be specified in the relevant Final Terms, save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations

applicable to the relevant Specified Currency and save that in respect of Notes either (i) all trades in Notes as well as the initial subscription for Notes shall be in a minimum amount of €100,000 or (ii) the minimum specified denomination of each Note will be €100,000 (or, in each case, if the Notes are denominated in a currency other than euro, the equivalent amount as of the relevant date of issue in such other currency).

Fixed Rate Notes:

Fixed Rate Notes will bear interest at a fixed rate of interest specified in the relevant Final Terms and will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes:

Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc.; or
- (ii) by reference to CIBOR, EURIBOR, NIBOR or STIBOR as adjusted for any applicable margin,

in each case, all as specified in the relevant Final Terms.

Interest periods will be specified in the relevant Final Terms and interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Interest Periods and Interest Rates:

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Optional redemption:

The relevant Final Terms will state whether the Notes may be redeemed prior to their stated maturity at the option of the Issuer and, if so, the terms applicable to such redemption. Any such redemption shall be subject to the provisions of Condition 7(i) (*Conditions to redemption etc.*) to the extent it is applicable.

Redemption upon the occurrence of a Tax Event:

Early redemption will be permitted at the option of the Issuer upon the occurrence of a Tax Event as described in Condition 7(c) (*Redemption for tax reasons*) and subject to the provisions of Condition 7(i) (*Conditions to redemption etc.*).

Redemption upon the occurrence of an Eligibility Event:

If so specified in the relevant Final Terms early redemption will be permitted at the option of the Issuer upon the occurrence of an Eligibility Event as described in Condition 7(d) (*Redemption upon the occurrence of an Eligibility Event*) and subject to the provisions of Condition 7(i) (*Conditions to redemption etc.*).

Substitution and variation:

If an Alignment Event and/or an Eligibility Event and/or a Rating Methodology Event and/or a Tax Event has/have occurred and is/are

continuing, the Issuer may subject to the provisions of Condition 7(i) (*Conditions to redemption etc.*), at its option, substitute all (but not some only) of the Notes or vary the terms of all (but not some only) of the Notes, without any requirement for the consent or approval of the Noteholders, so that they become or remain Qualifying Notes.

Loss absorption following a Resolution Event:

Upon the occurrence of a Resolution Event, the Outstanding Principal Amounts of the Notes may be written-down permanently (in whole or in part) or the Notes may be converted (in whole or in part) into a subordinated instrument of the Issuer, all as determined by the Relevant Regulator and/or the Danish Resolution Authority as described, and subject as provided for in Condition 6 (*Loss absorption following a Resolution Event*).

Negative pledge:

None.

Enforcement Events:

There will be enforcement events relating only to non-payment (allowing a Noteholder to institute proceedings in Denmark in order to recover the amounts due from the Issuer to such Noteholder) and the liquidation or bankruptcy of the Issuer, provided that a Noteholder may not itself file for the liquidation or bankruptcy of the Issuer.

Meetings of Noteholders and modifications:

The Notes contain provisions for calling meetings of holders of a Series to consider matters affecting their interests generally. These provisions permit defined majorities to bind all holders of such Series including holders of such Series who did not attend and vote at the relevant meeting and holders of such Series who voted in a manner contrary to the majority.

The Issuer may also, subject to Condition 7(i) (*Conditions to redemption*) make any modification to the relevant Series of Notes which is not prejudicial to the interests of the holders of such Series without the consent of the holders of such Series. Any such modification shall be binding on the holders of such Series.

Ratings:

Tranches of Notes may be rated or unrated. Where a Tranche of Notes is to be rated, the applicable rating(s) will be specified in the relevant Final Terms.

A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension, reduction or withdrawal at any time by the assigning rating agency.

- Taxation:** All payments of interest in respect of the Notes by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Denmark or any political subdivision therein or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, the Issuer shall, save in certain limited circumstances provided in Condition 9 (*Taxation*), be required to pay Additional Amounts as will result in receipt by the Noteholders of such amounts as would have been received by them had no such withholding or deduction been required. Notwithstanding the foregoing, the payment of Additional Amounts by the Issuer will be limited to payments of interest only
- Governing law and jurisdiction:** The Conditions and the Notes shall be governed by, and construed in accordance with, Danish law and the courts of Denmark shall have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Conditions and the Notes.
- Listing and admission to trading:** Application may be made to Nasdaq Copenhagen A/S for Notes issued under the Programme to be admitted to the official list of Nasdaq Copenhagen A/S and trading on its regulated market. The relevant Final Terms in respect of the issue of any Notes will specify whether or not such Notes will be listed on Nasdaq Copenhagen A/S.
- Selling restrictions:** For a description of restrictions on offers, sales and deliveries of Notes and on the distribution of offering material in the United States of America, the European Economic Area, the United Kingdom and Denmark, see “*Subscription and Sale*” below.

PROSPECTUS SUPPLEMENT

If at any time the Issuer shall be required to prepare a supplement to this Base Prospectus pursuant to the Prospectus Regulation, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus which, in respect of any subsequent issue of Notes to be listed on Nasdaq Copenhagen A/S, shall constitute a supplement to this Base Prospectus as required by the Prospectus Regulation.

DOCUMENTS INCORPORATED BY REFERENCE

This Base Prospectus should be read and construed in conjunction with:

- (i) the audited annual financial statements of the Issuer for the financial years ended 31 December 2018 and 31 December 2019 together, in each case, with the audit report thereon; and
- (ii) the unaudited interim financial statements of the Issuer for the first half of 2020,

each of which has been previously published or is published simultaneously with this Base Prospectus. Such documents shall be incorporated in, and form part of, this Base Prospectus, save that any statement contained in a document which is incorporated by reference herein shall be modified or superseded for the purpose of this Base Prospectus to the extent that a statement contained herein modifies or supersedes such earlier statement (whether expressly, by implication or otherwise). Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Base Prospectus.

The audited annual financial statement of the Issuer for the two financial years ended 31 December 2018 and 31 December 2019, respectively, incorporated by reference herein have been prepared in accordance with the International Financial Reporting Standards as adopted by the European Union and Danish disclosure requirements for issuers of listed bonds.

The audited annual financial statements of the Issuer for the financial year ended 31 December 2019 is presented and prepared in a form consistent with that which will be adopted in the Issuer's next published annual financial statements.

The table below sets out the relevant page references for (i) the audited annual financial statements of the Issuer for the financial years ended 31 December 2018 and 31 December 2019 as set out in the relevant annual report of the Issuer for such periods (respectively, the "**2018 Annual Report of the Issuer**", the "**2019 Annual Report of the Issuer**" and together, the "**Annual Reports of the Issuer**") and (ii) the unaudited interim financial statements of the Issuer for the first half of 2020 as set out in the interim report of the Issuer for such period (the "**Interim Report of the Issuer**"). Information contained in the documents incorporated by reference other than information listed in the table below is for information purposes only and does not form part of this Base Prospectus.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of Part A of the relevant Final Terms shall be applicable to the Notes. All capitalised terms that are not defined in the Conditions will have the meanings given to them in Part A of the relevant Final Terms. Unless the context otherwise requires, references in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

1 Introduction

- (a) **Programme:** DLR Kredit A/S, CVR no. 25781309, Legal Entity Identifier (LEI): 529900PR2ELW8QI1B775 (the “**Issuer**”) has established a Senior Non-Preferred Note Programme (the “**Programme**”) for the issuance of senior non-preferred notes (the “**Notes**”).
- (b) **Final Terms:** Notes issued under the Programme are issued in series (each a “**Series**”) and each Series may comprise one or more tranches (each a “**Tranche**”) of Notes. Each Tranche of Notes is the subject of a final terms document (the “**Final Terms**”) which completes these Terms and Conditions (the “**Conditions**”). The terms and conditions applicable to any particular Tranche of Notes are the Conditions as completed by the relevant Final Terms. In the event of any inconsistency between the Conditions and the relevant Final Terms, the relevant Final Terms shall prevail. Where a particular Condition is applicable only to certain classes or to a particular Tranche or Series of Notes, “Notes” shall be construed in accordance with the relevant Condition.
- (c) **Recording of Notes in dematerialised form:** Notes issued under the Programme will be recorded electronically in dematerialised book entry form with VP Securities A/S (“**VP**” or the “**Securities Depository**”) with such terms deemed to include any successor or replacement thereto), Weidekampsgade 14, DK-2300 Copenhagen S, CVR no. 21599336 in accordance with an agreement between the Issuer and VP (effective date 18 October 2005) (the Issuer in this capacity, the “**Issuing Agent**”). References herein to VP or the Securities Depository shall, wherever the context so permits, be deemed to include a reference to any additional or alternative securities depository specified in the relevant Final Terms. Settlement of the Notes may take place on the VP settlement platform, or on the TARGET2-Securities (T2S) platform, if the required conditions for T2S settlement as set out in VP’s settlement rules are fulfilled. The T2S platform provides harmonised and commoditised delivery-versus-payment settlement and corporate actions processing in central bank money.

2 Definitions

In the Conditions, in addition to the expressions defined in Condition 1 above, the following expressions have the following meanings:

“**Additional Amounts**” shall have the meaning given in Condition 9(a);

“**Adjustment Spread**” means a spread (which may be positive or negative) or formula or methodology for calculating a spread, which the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith and in a commercially reasonable manner, determines is required to be applied to the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the relevant circumstances, any economic prejudice or benefit (as applicable) to the Noteholders as a result of the replacement of the Original Reference Rate with the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) and is the spread, formula or methodology which:

- (i) in the case of a Successor Reference Rate, is formally recommended in relation to the replacement of the Original Reference Rate with such Successor Reference Rate by any Relevant Nominating Body; or

- (ii) in the case of a Successor Reference Rate for which no such recommendation has been made or in the case of an Alternative Reference Rate, the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith and in a commercially reasonable manner, determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Original Reference Rate, where such rate has been replaced by such Successor Reference Rate or Alternative Reference Rate (as applicable); or

- (iv) The Notes are Fixed Rate Notes, Floating Rate Notes, or a combination of any of the foregoing, depending upon the Interest Basis specified in the relevant Final Terms.

(b) Transferability and title:

- (i) The Notes are freely transferable but the Noteholders may be subject to purchase or transfer restrictions with regard to the Notes specified under “Specified Denomination(s)” in the relevant Final Terms or under laws to which a Noteholder may be subject. Each Noteholder must ensure compliance with such restrictions at its own cost and expense.
- (ii) Legal title to the Notes will pass by electronic registration in the book entry system and register maintained by the Securities Depository in accordance with the rules and procedures of the Securities Depository from time to time. A Noteholder shall (except as otherwise required by law) be treated as the absolute owner of the Notes for all purposes and no person shall be liable for so treating such Noteholder.
- (iii) The Issuer shall, if so specified in the relevant Final Terms, to the extent permitted under applicable regulations and the rules and procedures of the Securities Depository from time to time, have access on demand to static data and ownership of the Noteholders registered in the securities register.
- (iv) The Issuer may use the information referred to in Condition 3(b)(iii) only for the purposes of carrying out its duties and exercising its rights in accordance with the Conditions and shall not disclose such information to any Noteholder.

(c) Noteholder’s rights:

- (i) If a beneficial owner of a Note not being registered as a Noteholder wishes to exercise any rights under the Notes (including, but not limited to participating in Noteholders’ Meeting or a Written Procedure), it must obtain proof of ownership of the Notes, acceptable to the chairman of the Noteholders’ Meeting (in case of a Noteholders’ Meeting) or the Issuer (in case of a Written Procedure).

- (ii) A Noteholder (whether registered as such or proven to the satisfaction of the chairman of the Noteholders' Meeting or the relevant Issuer, as applicable, to be the beneficial owner of the Note as set out in Condition 3(c)(i)) may issue one or more powers of attorney to third parties to represent it in relation to some or all of the Notes held or beneficially owned by such Noteholder. The chairman of the Noteholders' Meeting or the relevant Issuer, as applicable, shall only have to examine the face of a power of attorney or similar evidence of authorisation that has been provided to it pursuant to this Condition 3(c) and may assume that it is in full force and effect, unless otherwise apparent from its face or the chairman of the Noteholders' Meeting or the relevant Issuer, as applicable, has actual knowledge to the contrary.

4 Status of the Notes

(a) Status of the Notes: The Notes on issue will constitute Senior Non-Preferred Obligations of the Issuer. Subject to Condition 6, the Notes constitute direct and unsecured debt obligations of the Issuer, and shall at all times rank:

- (i) *pari passu* without any preference among themselves;
- (ii) (a) *pari passu* with the Existing Senior Non-Preferred Notes and the Existing Senior Resolution Notes and (b) *pari passu* with any other obligations or instruments of the Issuer that rank or are expressed to rank equally with the Notes (including any other Senior Non-Preferred Obligations of the Issuer), in each case as regards the right to receive periodic payments on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer;
- (iii) senior to holders of the Issuer's ordinary shares and any subordinated obligations or instruments of the Issuer that rank or are expressed to rank junior to the Notes, or any obligations pursuant to section 98 of the Danish Bankruptcy Act, in each case as regards the right to receive periodic payments on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer; and
- (iv) junior to present or future claims of unsubordinated creditors of the Issuer pursuant to section 97 of the Danish Bankruptcy Act and any other unsubordinated creditors of the Issuer that are not creditors in respect of Senior Non-Preferred Obligations, in each case as regards the right to receive periodic payments on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer.

(b) No right of set-off or counterclaim: No Noteholder, who shall in the event of the liquidation or bankruptcy of the Issuer be indebted to the Issuer, shall be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the Notes held by such Noteholder.

The Issuer reserves the right in the future to issue other notes or instruments, with identical or other ranking than the Notes.

5 Interest and other calculations

(a) Interest on Fixed Rate Notes:

- (i) *Application:* The provisions in this Condition 5(a) on Fixed Rate Notes shall only apply if the Fixed Rate Note Provisions are specified in the relevant Final Terms, as being applicable to one or more Interest Period(s).
- (ii) *Interest on Fixed Rate Notes:* Each Fixed Rate Note bears interest on its Outstanding Principal Amount from (and including) the Interest Commencement Date at the rate per annum (expressed as

a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(e).

(b) Interest on Floating Rate Notes:

- (i) *Application:* The provisions in this Condition 5(b) on Floating Rate Notes shall only apply if the Floating Rate Note Provisions are specified in the relevant Final Terms, as being applicable to one or more Interest Period(s).
- (ii) *Interest Payment Dates and Rate of Interest:* Each Floating Rate Note bears interest on its Outstanding Principal Amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(e). Such Interest Payment Date(s) is/are either specified in the relevant Final Terms, as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are specified in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period specified in the relevant Final Terms, as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (iii) *Business Day Convention:* If any date referred to in the Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.
- (iv) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms, and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms, as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified in the relevant Final Terms;
- (y) the Designated Maturity is a period specified in the relevant Final Terms;

- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

- (x) Where Screen Rate Determination is specified in the relevant Final Terms, as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (Brussels time) in the case of EURIBOR, 11.00 a.m. (Copenhagen time) in the case of CIBOR, 12.00 noon (Oslo time) in the case of NIBOR or 11.00 a.m. (Stockholm time) in the case of STIBOR on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations;

- (y) if the Relevant Screen Page is not available or, if sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (x)(2) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks or, if the Reference Rate is CIBOR, the principal Danish office of each of the Reference Banks or, if the Reference Rate is NIBOR, the principal Oslo office of each of the Reference Banks or, if the Reference Rate is STIBOR, the principal Stockholm office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if the Reference Rate is CIBOR, at approximately 11.00 a.m. (Copenhagen time) or, if the Reference Rate is NIBOR, at approximately 12.00 noon (Oslo time) or, if the Reference Rate is STIBOR, at approximately 11.00 a.m. (Stockholm time), on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (z) if paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or

any two or more of them, at which such banks were offered, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if the Reference Rate is CIBOR, at approximately 11.00 a.m. (Copenhagen time) or, if the Reference Rate is NIBOR, at approximately 12.00 noon (Oslo time) or, if the Reference Rate is STIBOR, at approximately 11.00 a.m. (Stockholm time), on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market or, if the Reference Rate is CIBOR, the Copenhagen inter-bank market or, if the Reference Rate is NIBOR, the Oslo inter-bank market or, if the Reference Rate is STIBOR, the Stockholm inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if the Reference Rate is CIBOR, at approximately 11.00 a.m. (Copenhagen time) or, if the Reference Rate is NIBOR, at approximately 12.00 noon (Oslo time) or, if the Reference Rate is STIBOR, at approximately 11.00 a.m. (Stockholm time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market or, if the Reference Rate is CIBOR, the Copenhagen inter-bank market or, if the Reference Rate is NIBOR, the Oslo inter-bank market or, if the Reference Rate is STIBOR, the Stockholm inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding *Interest Accrual Period*).

- (v) *Reference Rate Replacement*: This Condition 5(b)(v) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as applicable and Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, in each case, to one or more Interest Periods and if Reference Rate Replacement is also specified in the relevant Final Terms as applicable.

If, notwithstanding the provisions of Condition 5(b)(iv)(B), the Issuer determines that a Benchmark Event has occurred when any Rate of Interest (or any component thereof) remains to be determined by reference to the Original Reference Rate, then the following provisions shall apply to the relevant Series of Notes:

- (a) the Issuer shall use reasonable endeavours, as soon as reasonably practicable, to appoint and consult with an Independent Adviser with a view to the Issuer determining (without any requirement for the consent or approval of the Noteholders) (A) a Successor Reference Rate or, failing which, an Alternative Reference Rate, for the purposes of determining the Rate of Interest (or the relevant component part thereof) applicable to the Notes and (B) in either case, an Adjustment Spread;

- (b) if the Issuer is unable to appoint an Independent Adviser prior to the relevant IA Determination Cut-off Date, the Issuer (acting in good faith and in a commercially reasonable manner) may still determine (A) a Successor Reference Rate or, failing which, an Alternative Reference Rate and (B) in either case, an Adjustment Spread in accordance with this Condition 5(b)(v). Without prejudice to the definitions thereof, for the purposes of determining any Successor Reference Rate, Alternative Reference Rate and/or any Adjustment Spread, the Issuer will take into account any relevant and applicable market precedents as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets;
- (c) if a Successor Reference Rate or, failing which, an Alternative Reference Rate (as applicable) is determined in accordance with paragraphs (a) and (b) above, such Successor Reference Rate or, failing which, Alternative Reference Rate (as applicable) shall be the Reference Rate for all future Interest Periods (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(b)(v));
- (d) if the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith and in a commercially reasonable manner, determines that an Adjustment Spread is required to be applied to the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the relevant Successor Reference Rate or Alternative Reference Rate (as applicable). If the Issuer is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread;
- (e) if the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith and in a commercially reasonable manner, determines a Successor Reference Rate or, failing which, an Alternative Reference Rate (as applicable) and/or an Adjustment Spread in accordance with the above provisions, the Issuer may (without any requirement for the consent or approval of the Noteholders) also specify changes to the Conditions in order to ensure the proper operation of such Successor Reference Rate or Alternative Reference Rate or any Adjustment Spread (as applicable), including, but not limited to (1) the Business Centre(s), Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Reference Banks and/or Relevant Screen Page applicable to the Notes and (2) the method for determining the fallback to the Rate of Interest in relation to the Notes if such Successor Reference Rate or Alternative Reference Rate (as applicable) is not available (such amendments, the “**Reference Replacement Amendments**”); and
- (f) the Issuer shall promptly, following the determination of any Successor Reference Rate, Alternative Reference Rate and/or Adjustment Spread (as applicable), give notice thereof to the Calculation Agent and, in accordance with Condition 19, the Noteholders. Such notice shall specify the effective date(s) for such Successor Reference Rate or Alternative Reference Rate (as applicable), the Adjustment Spread (if any) and any consequential changes made to the Conditions (if any).

An Independent Adviser appointed pursuant to this Condition 5(b)(v) shall act in good faith and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Calculation Agent or the Noteholders for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this Condition 5(b)(v).

Without prejudice to the obligations of the Issuer under this Condition 5(b)(v), the Rate of Interest for the next Interest Period shall be determined by reference to the fallback provisions of Condition 5(b)(iv)(B) (i) if the Issuer, following consultation with the Independent Adviser (if applicable), is unable to or does not determine a Successor Reference Rate or an Alternative Reference Rate in accordance with this Condition 5(b)(v), and (ii) where the Issuer determines a Successor Reference Rate or Alternative Reference Rate, unless and until the Calculation Agent has been notified of such Successor Reference Rate or Alternative Reference Rate (as applicable), the Adjustment Spread (if any) and any consequential changes made to the Conditions (if any).

Notwithstanding any other provision of this Condition 5(b)(v):

- (i) no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 5(b)(v), if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the eligibility of the Notes for the purposes of the Debt Buffer Requirement of the Issuer and/or the MREL Requirement (if applicable) of the Issuer; or
 - (ii) no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 5(b)(v), if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the Relevant Regulator treating the next Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date.
- (c) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.
- (d) **Margin:**
- (i) If any Margin is specified in the relevant Final Terms, (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 5(b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin subject always to the next paragraph.
 - (ii) For the purposes of any calculations required pursuant to the Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up). For these purposes “**unit**” means the lowest amount of such currency that is available as legal tender in the country of such currency.
- (e) **Calculations:** The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the relevant Rate of Interest, the Calculation Amount and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated,

the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

- (f) **Determination and publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts:** The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount (if any), Early Redemption Amount or Optional Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the relevant Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount (if any), Early Redemption Amount or Optional Redemption Amount to be notified to the Fiscal Agent (where the Calculation Agent is not the Fiscal Agent), the Issuer, the Paying Agent (where the Paying Agent is not the Issuer), the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information, the Issuing Agent (where the Issuing Agent is not the Issuer), and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(iii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) or, in the circumstances described in Condition 5(b)(v), the Issuer, shall (in the absence of manifest error) be final and binding upon all parties.
- (g) **Calculation Agent:** The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Conditions and/or relevant Final Terms and for so long as any Note is outstanding. Where more than one Calculation Agent is appointed in respect of the Notes, references in the Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the relevant Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount (if any), Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Copenhagen or London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

6 Loss absorption following a Resolution Event

- (a) **Write-down or conversion:** Upon the occurrence of a Resolution Event, the Outstanding Principal Amounts of the Notes may be written down permanently (in whole or in part) or the Notes may be converted (in whole or in part) into a subordinated instrument of the Issuer, all as determined by the Relevant Regulator and/or the Danish Resolution Authority, provided that all other debt instruments and other obligations of the Issuer which are expressed to rank or which rank junior to the Notes in the case

of bankruptcy or liquidation of the Issuer have already fully absorbed losses of the Issuer to the extent required by the Danish Resolution Authority before any write-down or conversion of the Notes pursuant to the application of this provision.

Following a write-down of the Outstanding Principal Amounts of the Notes or a conversion of the Notes into a subordinated instrument of the Issuer, in either case as a result of the application of this Condition 6(a) the Noteholders will be automatically deemed to waive irrevocably their right to receive, and no longer have any rights against the Issuer with respect to, repayment of the aggregate principal amount of the Notes so written down or converted (such amount, the “**Written Down Amount**” or the “**Converted Amount**”) or any accrued but unpaid interest on the Written Down Amount or Converted Amount.

The application of this Condition 6(a) is not a default in payment pursuant to the Conditions.

(b) Effect: A write-down or conversion as described in Condition 6(a) will take effect on the date and in the manner determined by the Relevant Regulator and/or the Danish Resolution Authority.

(c) Notice:

(i) Upon the occurrence of a Resolution Event or as soon as the Issuer becomes aware that a Resolution Event may or will occur; and

(ii) upon any write-down or conversion of the Notes as a result of the application of Condition 6(a) or as soon as the Issuer becomes aware that any such write-down or conversion may or will occur,

the Issuer shall promptly give notice to the Noteholders in accordance with Condition 19. Such notice will include: (A) in the case of a notice pursuant to (i) above, details of the relevant Resolution Event and (B) in the case of a notice pursuant to (ii) above, details of the relevant write-down or conversion.

7 Redemption, purchase and options

(a) Final redemption: Unless previously redeemed, or purchased and cancelled the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 8.

(b) Early Redemption Amount: The Early Redemption Amount payable in respect of any Note, upon redemption of such Note pursuant to Condition 7(c), Condition 7(d), Condition 7(e) or Condition 7(f) shall be the Final Redemption Amount unless otherwise specified in the relevant Final Terms.

(c) Redemption for tax reasons: Subject to the provisions of Condition 7(i), upon the occurrence of a Tax Event in relation to any Series of Notes, the Issuer may, at its option, having given no less than 30 nor more than 60 days’ notice in accordance with Condition 19 (which notice shall be irrevocable, subject to the Permission Withdrawal Early Redemption Restriction), redeem all (but not some only) of the Notes at their Early Redemption Amount, together with accrued interest (if any) thereon at any time or, if the Notes are Floating Rate Notes, on an Interest Payment Date provided, however, that in the case (i)(A) of the definition of Tax Event, no such notice of redemption may be given earlier than 90 days (or, if the Notes are Floating Rate Notes, a number of days which is equal to the aggregate of the number of days falling within the then current Interest Period applicable to such Notes plus 60 days) prior to the earliest date on which the Issuer would be obliged to pay the relevant Additional Amounts were a payment in respect of the Notes then due.

(d) Redemption upon the occurrence of an Eligibility Event: Subject to the provisions of Condition 7(i), and if the relevant Final Terms, specifies that this Condition 7(d) applies, then upon the occurrence of an Eligibility Event, the Issuer may, at its option, having given no less than 30 nor more than 60 days’ notice in accordance with Condition 19 (which notice shall be irrevocable, subject to the Permission Withdrawal Early Redemption Restriction), redeem all (but not some only) of such Notes at their Early Redemption

Amount, together with accrued interest (if any) thereon at any time or, if the Notes are Floating Rate Notes, on an Interest Payment Date.

- (e) **Redemption at the option of the Issuer:** If Call Option is specified as applicable in the relevant Final Terms, the Issuer may (subject to Condition 7(i)), on giving not less than 15 nor more than 30 days' notice in accordance with Condition 19 (which notice shall be irrevocable, subject to the Permission Withdrawal Early Redemption Restriction) (or such other notice period as may be specified in the relevant Final Terms) redeem the Notes in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount specified in the relevant Final Terms, (which may be their Early Redemption Amount (as described in Condition 7(b) above)) together with interest accrued to the date fixed for redemption.

All Notes shall be redeemed on the date specified in such notice in accordance with this Condition.

If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount shall in no event be greater than the maximum or be less than the minimum so specified.

- (f) **Purchases:** The Issuer may at any time (but subject to Condition 7(i)) purchase Notes in the open market or otherwise at any price. The Notes so purchased, while held by or on behalf of the Issuer, shall not entitle the Noteholder to vote at any meetings of Noteholders and shall not be deemed to be outstanding for the purposes of determining a quorum at any meeting of Noteholders or for the purposes of Condition 13 and Condition 15.
- (g) **Cancellation:** All Notes purchased by or on behalf of the Issuer may (but subject to Condition 7(i)) be cancelled by the Issuer when the Issuer holds the title to them. The Notes are cancelled in the records of the Securities Depository so that the cancelled Notes cannot be reissued or resold, and subsequently the Issuer has no obligations pertaining to the cancelled Notes. The outstanding amount of Notes will be updated in the records of the Securities Depository.
- (h) **Substitution and variation:**
- (i) Subject to having given no less than 30 nor more than 60 days' notice to the Noteholders (in accordance with Condition 19) and the Fiscal Agent, if an Alignment Event and/or an Eligibility Event and/or a Rating Methodology Event and/or a Tax Event has/have occurred and is/are continuing, the Issuer may (subject to Condition 7(i)) at its option, substitute all (but not some only) of the Notes or vary the terms of all (but not some only) of the Notes, without any requirement for the consent or approval of the Noteholders, so that they become or remain Qualifying Notes.
 - (ii) Any such notice shall specify the relevant details of the manner in which such substitution or variation shall take effect and where the Noteholders can inspect or obtain copies of the new terms and conditions of the Qualifying Notes. Such substitution or variation will be effected without any cost or charge to the Noteholders.
- (i) **Conditions to redemption etc. prior to the Maturity Date:**
- (i) The Notes may only be redeemed, purchased, cancelled, modified, substituted or varied (as applicable) pursuant to Condition 7(c), Condition 7(d), Condition 7(e), Condition 7(f), Condition 7(g), Condition 7(h), Condition 13, Condition 15 or paragraph (ii) of Condition 17 if:
 - (a) in the case of any such variation or modification, the Issuer has notified the Relevant Regulator and/or (if applicable, as determined by the Issuer) the Danish Resolution Authority of, and the Relevant Regulator and/or the Danish Resolution Authority have/has, as applicable, if required

by applicable law at the time of such variation or modification, not objected to such variation or modification;

- (b) in the case of any such redemption, substitution, purchase or cancellation, the Issuer has notified the Relevant Regulator and/or the Danish Resolution Authority (if applicable, as determined by the Issuer) of, and the Relevant Regulator and/or the Danish Resolution Authority have/has, as applicable, if required by applicable law at the time of such redemption, substitution, purchase or cancellation, given permission to such redemption, substitution, purchase or cancellation (as applicable) and, if so given by the Relevant Regulator and/or the Danish Resolution Authority (as applicable), such permission have/has, as applicable, not been withdrawn by the Relevant Regulator and/or the Danish Resolution Authority (as applicable) prior to the date fixed for redemption, substitution, purchase or cancellation (as applicable);
 - (c) in relation to redemption as a result of a Tax Event, the Issuer has notified the Noteholders in accordance with Condition 19 within the notice period specified in Condition 7(c) that such Tax Event has occurred or will occur no more than 90 days following the date fixed for redemption, as the case may; and
 - (d) in relation to redemption as a result of a Tax Event, the Issuer has delivered a certificate signed by two members of its Executive Board to the Fiscal Agent (and copies thereof will be available at the Fiscal Agent's specified office during its normal business hours) not less than 5 Business Days prior to the date set for redemption that such Tax Event has occurred or will occur no more than 90 days following the date fixed for redemption, as the case may be.
- (ii) If, after a notice of redemption has been given pursuant to to Condition 7(c), Condition 7(d) or Condition 7(e) (as applicable), the Relevant Regulator and/or the Danish Resolution Authority (as applicable) withdraw/withdraws their/its, as applicable, permission to the relevant redemption before the relevant redemption date, such notice of redemption shall automatically be revoked and the relevant redemption shall not be made until a new redemption notice is given and all conditions for redemption as described in this Condition 7(i) have been fulfilled. The redemption restriction described in this paragraph is referred to as the “**Permission Withdrawal Early Redemption Restriction**”.

Any refusal by the Relevant Regulator and/or the Danish Resolution Authority (as applicable) to grant their/its, as applicable, permission to any such redemption, purchase or cancellation (as applicable) pursuant to paragraph 7(i)(i)(b) of this Condition 7(i) (or, as the case may be, any withdrawal by the Relevant Regulator and/or the Danish Resolution Authority (as applicable) of any such permission) will not constitute an event of default under the relevant Notes.

8 Payments

- (a) **Principal and interest:** Payments of principal and interest in respect of the Notes will be made by transfer to an account denominated in the Specified Currency with a custody bank to the Noteholders shown in the relevant records of the Securities Depository, in accordance with and subject to the rules and regulations from time to time governing the Securities Depository.
- (b) **Payments subject to fiscal laws:** All payments are subject in all cases to any fiscal or other laws, regulations and directives which are applicable to such payments in the place of payment or other laws to which the Issuer agrees to be subject and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by any such laws, regulations or directives, but without prejudice to the provisions of Condition 9. No commission or expenses shall be charged to the Noteholders in respect of such payments.

- (c) **Payment on Business Days:** If any date for payment in respect of any Note is not a Business Day, the Noteholder shall not be entitled to payment until the next following Business Day nor to any interest or other sum in respect of such postponed payment.

9 Taxation

- (a) **Gross up:** All payments of interest by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Kingdom of Denmark or any political subdivision therein or any authority or agency therein or thereof having power to tax, unless such withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Issuer shall pay such additional amounts (“**Additional Amounts**”) as shall result in receipt by the Noteholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note:
 - (i) **Other connection:** to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note by reason of his having some connection with the Kingdom of Denmark other than the mere holding of the Note or the receipt of interest in respect of such Note; or
 - (ii) **Claim more than 30 days after the Relevant Date:** where a claim for payment is made by the Noteholder more than 30 days after the Relevant Date, except to the extent that the relevant Noteholder would have been entitled to such additional amounts on claiming payment on or before the expiry of such period of 30 days.

Notwithstanding the foregoing, the payment of Additional Amounts by the Issuer will be limited to payments of interest only.

- (b) **Taxing jurisdiction:** If the Issuer becomes subject at any time to any taxing jurisdiction other than Denmark, references in the Conditions to Denmark shall be construed as references to Denmark and/or such other jurisdiction.
- (c) **FATCA:** Notwithstanding any other provision of the Conditions, in no event will the Issuer be required to pay any additional amounts in respect of the Notes for, or on account of, any withholding or deduction required pursuant to an agreement described in section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to sections 1471 through 1474 of the Code, any regulations or agreements thereunder, or any official interpretations thereunder.

10 Prescription

Claims against the Issuer for payment in respect of the Notes shall be subject to limitation under the Danish Limitation Act and shall become void unless proceedings have been commenced or the limitation period has otherwise been suspended or interrupted pursuant to the rules of the Danish Limitation Act within 10 years (in the case of principal) or three years (in the case of interest) from the date when the creditor was entitled to claim payment within the meaning of section 2 of the Danish Limitation Act.

11 Enforcement Events

The following events or circumstances (each an “**Enforcement Event**”) shall be enforcement events in relation to any Series of Notes:

- (i) Subject to Condition 6, if the Issuer shall fail to meet its payment obligations under the Notes and such payment obligations are not met within seven Business Days after the Issuer has received notice

thereof, any Noteholder may, at its own discretion and without further notice, institute proceedings in Denmark in order to recover the amounts due from the Issuer to such Noteholder, provided that a Noteholder may not at any time file for liquidation or bankruptcy of the Issuer. Any Noteholder may, at its discretion and without further notice, institute such proceedings against the Issuer as it may think fit to enforce any obligation, condition or provision binding on the Issuer under the Notes, provided that the Issuer shall not by virtue of the institution of any proceedings be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it; and

- (ii) if an order is made or an effective resolution is passed for the liquidation or bankruptcy of the Issuer, then the Notes shall become due and payable at their Outstanding Principal Amount together with interest (if any) accrued to such date.

12 Agents

- (a) **Appointment of Agents:** The Issuer will perform the tasks of the Issuing Agent, the fiscal agent (“**Fiscal Agent**”) as they are described in the Conditions and the tasks of the paying agent (“**Paying Agent**”), which is paying any amount due under the Notes in accordance with the Conditions. Unless the Calculation Agent is the Fiscal Agent, the Calculation Agent in respect of any Notes shall be specified in the relevant Final Terms.

The Issuing Agent, the Fiscal Agent, the Paying Agent and the Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Noteholder

- (b) **Replacement of Agents:** The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, the Paying Agent or the Calculation Agent and to appoint additional or other paying agents provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Paying Agent (which may be the Fiscal Agent), which is authorised to act as an account holding institution with the relevant Securities Depository and (iv) such other agents as may be required by any other stock exchange on which the Notes may be listed.

Notice of any such change shall promptly be given to the Noteholders.

13 Decisions by Noteholders

- (a) **Powers of Noteholders’ Meeting and Written Procedure:**

- (i) A Noteholders’ Meeting or a Written Procedure shall, subject to the Conditions, have power to:
 - (A) sanction any proposal by the Issuer for any modification, abrogation, variation or compromise of, or arrangement in respect of, the rights of the Noteholders against the Issuer, whether or not those rights arise under the Notes;
 - (B) sanction the exchange or substitution for the Notes of, or the conversion of the Notes into, shares, notes or other obligations or securities of the Issuer or any other entity;
 - (C) assent to any modification of the Notes or the Conditions proposed by the Issuer;
 - (D) authorise anyone to concur in or do anything necessary to carry out and give effect to a resolution taken at a Noteholders’ Meeting or a Written Procedure;
 - (E) appoint and elect a representative on behalf of the Noteholders pursuant to the Danish Capital Markets Act;

- (F) appoint any persons (whether Noteholders or not) as a committee or committees to represent the Noteholders' interests and to confer on them any powers or discretions which the Noteholders could themselves exercise at a Noteholders' Meeting or a Written Procedure; and
 - (G) approve the substitution of any entity for the Issuer (or any previous substitute) as principal debtor under the Notes or the Conditions.
- (ii) the Issuer or the Fiscal Agent shall upon request provide the convening Noteholder(s) with the information available in the securities register kept by the Securities Depository in respect of the Notes in order to convene and hold the Noteholders' Meeting or a Written Procedure, as the case may be.
 - (iii) Decisions to be taken by the Noteholders may be dealt with, at the option of the Issuer, at a Noteholders' Meeting or by way of a Written Procedure.
 - (iv) A Noteholders' Meeting will be held in accordance with the procedure pursuant to Condition 14.
 - (v) A Written Procedure will be held in accordance with the procedure pursuant to Condition 15.

(b) Voting rights:

- (i) Each Noteholder holds one vote for each Note. The Issuer has no voting rights in respect of Notes held by the Issuer.
- (ii) Only a person who is, or who has been provided with a power of attorney from a person who is, recorded as a Noteholder:
 - (A) on the date falling on the immediately preceding Business Day to the date of the Noteholders' Meeting being held, in respect of a Noteholders' Meeting; or
 - (B) on the Business Day specified in the communication pursuant to Condition 15(a), in respect of a Written Procedure,
 may exercise voting rights as a Noteholder at such Noteholders' Meeting or in such Written Procedure.
- (iii) In order to be entitled to exercise voting rights as a Noteholder at a Noteholders' Meeting or in a Written Procedure, each Noteholder must document its holding of Notes by:
 - (A) presenting a custody account statement from the Securities Depository or an authorised institution evidencing that such Noteholder was registered as a Noteholder on the Business Day specified in the notice to convene a Noteholders' Meeting pursuant to Condition 14(c) or communication to instigate a Written Procedure pursuant to Condition 15(a), as applicable; or
 - (B) providing other proof of holding which, in the case of a Noteholders' Meeting is satisfactory to the chairman of the Noteholders' Meeting or in the case of a Written Procedure is satisfactory to the Issuer.
- (iv) For the purposes of this Condition 13(b), a beneficial owner of a Note that has a Note registered in the name of a nominee will, in accordance with Condition 3(c), be deemed to be the owner of the Note rather than the nominee. No vote may be exercised at Noteholders' Meeting or in a Written Procedure by any nominee if the beneficial owner of the Note has presented relevant evidence to the chairman of the Noteholders' Meeting (in case of a Noteholders' Meeting) or the Issuer (in case of a Written Procedure) pursuant to Condition 3(c) stating that it is the beneficial owner of the Notes voted for. If such owner of the Notes has voted directly for any of its nominee registered Notes, the

owner of the Notes votes shall take precedence over votes submitted by the nominee for the same Notes.

(c) Percentage of Noteholders required to consent:

- (i) The following matters shall require the consent of Noteholders representing at least 75 per cent of the nominal amount of the Notes for the time being outstanding for which Noteholders are voting at a Noteholders' Meeting or for which Noteholders reply in a Written Procedure in accordance with the instructions given pursuant to Condition 15(a):
 - (A) a change to the terms of any provision of Condition 4 and/or Condition 6;
 - (B) a reduction of the amount payable upon the redemption or repurchase of any Note pursuant to Condition 7 other than as permitted or required by the Conditions;
 - (C) a change to the interest rate or the nominal amount of the Notes (other than as permitted or required by the Conditions);
 - (D) a change to the terms dealing with the requirements for Noteholders' consent set out in this Condition 13(c)(i);
 - (E) a change of Issuer (other than as permitted or required by the Conditions), an extension of the tenor of the Notes or any delay of the due date for payment of any principal or interest on the Notes;
 - (F) a mandatory exchange of the Notes for other securities (other than as permitted by the Conditions); and
 - (G) early redemption of the Notes, other than upon an acceleration of the Notes pursuant to Condition 11, or as otherwise permitted or required by the Conditions.
- (ii) Any matter not covered by Condition 13(c)(i) above shall require the consent of Noteholders representing more than 50 per cent in nominal amount of the Notes for the time being outstanding for which Noteholders are voting at a Noteholders' Meeting or for which Noteholders reply in a Written Procedure.

(d) Quorum:

- (i) A quorum at a Noteholders' Meeting or in respect of a Written Procedure only exists if a Noteholder (or Noteholders) representing at least 50 per cent in nominal amount of the Notes for the time being outstanding in case of a matter pursuant to Condition 13(c)(i), and otherwise 20 per cent in nominal amount of the Notes for the time being outstanding:
 - (A) if at a Noteholders' Meeting, attend the meeting in person or by telephone conference (or appear through duly authorised representatives); or
 - (B) if in respect of a Written Procedure, reply to the request.
- (ii) Notes held by the Issuer shall not be taken into account when determining whether the required quorum has been met according to Condition 13(d) or Condition 15(b).
- (iii) No resolution may be passed if it is clear that that resolution is likely to give certain Noteholders or others an undue advantage over other Noteholders.

(e) Issuer's, Paying Agent's, Issuing Agent's, the Fiscal Agent's or the Calculation Agent's consent required: Any decision which extends or increases the obligations of the Issuer, the Paying Agent, the

Issuing Agent, the Fiscal Agent or the Calculation Agent or limits, reduces or extinguishes the rights or benefits of the Issuer, the Paying Agent, the Issuing Agent, the Fiscal Agent or the Calculation Agent under the Notes shall be subject to the Issuer's, the Paying Agent's, the Issuing Agent's, the Fiscal Agent's or the Calculation Agent's consent, as the case may be.

(f) Decisions binding on all Noteholders and information to Noteholders:

- (i) A matter decided at a duly convened and held Noteholders' Meeting or by way of Written Procedure is binding on all Noteholders, irrespective of them being present or represented at the Noteholders' Meeting or responding in the Written Procedure. The Noteholders that have not adopted or voted for a decision shall not be liable for any damages that this may cause other Noteholders.
- (ii) Information about decisions taken at a Noteholders' Meeting or by way of a Written Procedure shall promptly be notified to the Noteholders, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Noteholders' Meeting or Written Procedure shall at the request of a Noteholder be sent to it by the Issuer.

- (g) Minutes:** Minutes shall be made of all resolutions and proceedings at every Noteholders' Meeting or Written Procedure and, if purporting to be signed by the chairman of that meeting or of the next succeeding meeting, shall be conclusive evidence of the matters in them. Until the contrary is proved, every meeting for which minutes have been so made and signed shall be deemed to have been duly convened and held and all resolutions passed or proceedings transacted at it to have been duly passed and transacted.

14 Noteholders' Meeting

(a) Attendance:

- (i) The following may attend and speak at a Noteholders' Meeting:
 - (A) Noteholders and proxies having presented relevant evidence to the chairman of the Noteholders' Meeting pursuant to Condition 13(b)(iii);
 - (B) any beneficial owners of the Notes having presented relevant evidence to the chairman of the Noteholders' Meeting pursuant to Condition 3(c);
 - (C) any representative of the Noteholders appointed pursuant to the Danish Capital Markets Act;
 - (D) the chairman; and
 - (E) the Issuer, the Issuing Agent, the Fiscal Agent (through their respective representatives) and their respective financial and legal advisers.
- (ii) No one else may attend or speak.

- (b) Chairman:** The chairman of the Noteholders' Meeting shall be such person as the Issuer may nominate or, if no nomination is made, the person elected by the Noteholders present at such meeting.

(c) Convening a Noteholders' Meeting:

- (i) The Issuer may at any time, and shall, if so requested by one or more Noteholders representing at least 10 per cent of the Outstanding Principal Amounts of the Notes convene a Noteholders' Meeting or initiate a Written Procedure. The Issuer may refrain from convening a Noteholders' Meeting or instigating a Written Procedure if (i) the suggested decision must be approved by any person in addition to the Noteholders and such person has informed the Issuer that an approval will not be given, or (ii) the suggested decision is not in accordance with applicable laws.

(ii) The Issuer shall call the Noteholders by notice to each Noteholders' Meeting no later than 14 days after having received request to convene such Noteholders' Meeting from the Noteholders containing the subject of such meeting. If the Issuer does not call the Noteholders' Meeting within the deadline, the Noteholders shall be entitled to call the Noteholders' Meeting. The notice to convene a Noteholders' Meeting shall be sent to each such person who is registered as a Noteholder on the date on which the notice is sent.

(d) Notice to convene a Noteholders' Meeting: The notice pursuant to Condition 14(c) shall include the following:

- (i) time for the Noteholders' Meeting, which must be at least 10 days but not more than 30 days after the notice to the Noteholders;
- (ii) place for the Noteholders' Meeting;
- (iii) specification of the Business Day pursuant to Condition 13(b)(ii)(A) on which a person must be registered as a Noteholder in order to be entitled to exercise voting rights;
- (iv) agenda for the meeting (including each request for a decision by the Noteholders); and
- (v) a form of power of attorney. Only matters that have been included in the notice may be resolved upon at the Noteholders' Meeting.

Should prior notification by the Noteholders be required in order to attend the Noteholders' Meeting, such requirement shall be included in the notice.

(e) Venue for Noteholders' Meetings: All Noteholders' Meetings shall be held in the Copenhagen area and the Issuer shall pay expenses associated with the meeting other than travel and other expenses incurred by the Noteholders which shall be borne by each individual Noteholder.

15 Written Procedure

(a) Instigating a Written Procedure:

- (i) The Issuer may instigate a Written Procedure at any time by sending a communication to each such Person who is registered as a Noteholder on the date on which the communication is sent.
- (ii) A communication pursuant to Condition 15(a)(i) shall include the following:
 - (A) each request for a decision by the Noteholders;
 - (B) a description of the reasons for each request;
 - (C) a specification of the Business Day on which a person must be registered as a Noteholder in order to be entitled to exercise voting rights;
 - (D) instructions and directions on replying to the request (including a form for such reply containing an option to vote yes or no for each request) as well as a form of power of attorney; and
 - (E) the stipulated time period within which the Noteholder must reply to the request (such time period to last at least fifteen (15) Business Days from the communication pursuant to Condition 15(a)(i)).

If the voting shall be made electronically, instructions for such voting shall be included in the communication.

- (b) **Decisions:** When the requisite majority consents of the principal amount of the Notes outstanding pursuant to Condition 13(c) have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Condition 13(c) even if the time period for replies in the Written Procedure has not yet expired.

16 Representative

No trustee, agent or representative of the Noteholders will be appointed.

17 Modification of Notes

The Issuer may make, without the consent of the Noteholders:

- (i) any modification to the Notes or the Conditions to correct a manifest error; or
- (ii) subject to Condition 7(i), any modification to the Notes or the Conditions which is not prejudicial to the interests of the Noteholders.

Subject as provided in the Conditions, no other modification may be made to the Notes or the Conditions except with the sanction of a Noteholders' Meeting or a Written Procedure or as may be required by applicable laws or a court ruling or decision by a relevant authority.

Any such modification shall be binding on the Noteholders and any such modification shall be notified to the Noteholders in accordance with Condition 19 as soon as practicable thereafter.

18 Further issues

The Issuer may from time to time without the consent of the Noteholders create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in the Conditions to "Issue Date" shall be to the first issue date of the Notes) and so that the same shall be consolidated and form a single series with such Notes, and references in the Conditions to "Notes" shall be construed accordingly.

19 Notices

Notices to the Noteholders shall be given in accordance with the procedures of the Securities Depository in force from time to time and in a manner which complies with the rules of any stock exchange or other relevant authority on or by which the Notes are for the time being listed or admitted to trading. Any such notice will be deemed to have been given on the date it is published in accordance with the procedure of the Securities Depository.

20 Force majeure

Even in areas where a stricter statutory liability applies, neither the Issuer nor the Issuing Agent, the Paying Agent or the Calculation Agent shall be liable for losses due to:

- (i) the breakdown of or lack of access to IT systems or damage to the data of these systems which can be attributed to paragraphs (ii) to (iv) below regardless of whether the Issuer, the Issuing Agent, the Paying Agent or the Calculation Agent (as relevant) itself or themselves or an external supplier is responsible for the operation of the systems;
- (ii) failures in the Issuer's, the Issuing Agent's, the Paying Agent's or the Calculation Agent's (as relevant) power supply or telecommunications, statutory intervention or administrative acts, natural disasters, war, insurrections, civil riots, sabotage, terror or vandalism (including computer viruses and backing);

- (iii) strike, lockout, boycott or blockade regardless of whether the conflict is directed at or initiated by the Issuer, the Issuing Agent, the Paying Agent or the Calculation Agent (as relevant) itself or themselves or its or their organisation and regardless of the reason for the conflict and whether the conflict affects all or part of the Issuer, the Issuing Agent, the Paying Agent or the Calculation Agent (as relevant); or
- (iv) other circumstances beyond the Issuer's, the Issuing Agent's, the Paying Agent's or the Calculation Agent's (as relevant) control.

If circumstances mentioned in paragraphs (i) to (iv) above occur, which make it impossible for the Issuer, the Issuing Agent, the Paying Agent or the Calculation Agent to comply with their obligations under these Conditions (to the extent they have any obligations under the Conditions), including (but not limited to) the Issuer's obligations to make payments under the Notes, these obligations will be suspended until the circumstances in question cease.

The Issuer's, the Issuing Agent's, the Paying Agent's or the Calculation Agent's exemption from liability pursuant to this Condition 20 will not apply if:

- (i) the Issuer, the Issuing Agent, the Paying Agent or the Calculation Agent (as relevant) should have anticipated the factor causing the loss when the agreement was entered into or should have avoided or overcome the reason for the loss; or
- (ii) the Issuer, the Issuing Agent, the Paying Agent or the Calculation Agent (as relevant) is liable for the factor causing the loss pursuant to applicable legislation.

21 Waiver and remedies

No failure to exercise, and no delay in exercising, on the part of a Noteholder, any right in the Conditions shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or future exercise thereof or the exercise of any other right. Rights hereunder shall be in addition to all other rights provided by law. No notice or demand given in any case shall constitute a waiver of rights to take other action in the same, similar or other instances without such notice or demand.

22 Governing law and jurisdiction

- (a) **Governing law:** The Conditions and the Notes are governed by, and shall be construed in accordance with, Danish law.
- (b) **Jurisdiction:** The courts of Denmark shall have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Conditions and the Notes.

USE OF PROCEEDS

The net proceeds from the issue of each Tranche of Notes will be applied by the Issuer to meet part of its general financing requirements including, *inter alia*, supplementary collateral requirements and to fulfil the debt buffer requirement of the Issuer pursuant to section 125i of the Danish Financial Business Act. The Issuer is, at the date of this Base Prospectus, not subject to the MREL Requirement. If and to the extent that the Issuer becomes subject to the MREL Requirement, the net proceeds from the issue of each Tranche of Notes by the Issuer will, if eligible, be used to fulfil the MREL Requirement of the Issuer.

The net proceeds from the issue of each Tranche of Notes are expected to be eligible for inclusion in the Additional Loss-Absorbing Capacity of the Issuer as described by S&P.

The Notes will not qualify as regulatory capital according to CRD.

BUSINESS DESCRIPTION OF THE ISSUER

Background

The Issuer is a Danish mortgage bank established in 1960. The Issuer grants loans against mortgages on real property within the agricultural (including residential farms), commercial, and private cooperative housing sectors.

The Issuer established a mortgage credit business on 12 October 1960 under the name of Dansk Landbrugs Realkreditfond. The Issuer was founded by Danmarks Nationalbank (the central bank of Denmark) and the then Associations of Danish Banks and of Danish Savings banks as a result of several years of deliberations on the availability and terms of credit in the Danish agricultural sector.

The Issuer was organised as an independent foundation with an assembly of representatives as the governing body. The Issuer had its own statutory basis (Act no. 278 of 7 July 1960 on a Financing Institute for Farming and Agriculture, etc.) which limited the lending to agricultural, forestry and market garden property, etc. The Issuer had the exclusive right to provide mortgage-credit loans to agriculture in the range from 45 per cent to 70 per cent of the value of the property, based on the issuance of bonds.

This exclusivity ended 1 January 1999. As at 1 July 2000, the Issuer's statutory basis was changed to the legal framework of the Danish Mortgage-Credit Loans and Mortgage-Credit Bonds, etc. Act, and, at the same time, the Issuer acquired a status equal to that of the other Danish mortgage banks. From then on, the Issuer's lending was no longer limited to agricultural, forestry and market garden property, etc.

Effective 1 January 2001, the Issuer was converted into a limited liability company under its present name (DLR Kredit A/S), a company founded on 1 December 2000.

After the conversion, the Issuer expanded from solely offering loans to agriculture to including also private residential rental properties, private cooperative housing properties, office and retail properties, public housing properties, manufacturing and workshop properties, community power plants and "other properties" (mainly unbuilt land). Since 2002, the Issuer has also, albeit to a limited extent, been granting loans in Greenland and, since 2009, the Faroe Islands.

Ownership and legal structure

The Issuer's registered office is situated in the City of Copenhagen, at Nyropsgade 21, DK-1780 Copenhagen V, Denmark. The legal and commercial name of the Issuer is DLR Kredit A/S. The Issuer carries on business under the secondary name, Dansk Landbrugs Realkreditfond A/S.

The Issuer is incorporated in Denmark as a limited liability company under the laws of Denmark and is registered in Denmark with the Danish Business Authority under company registration (CVR) number 25 78 13 09. Legal Entity Identifier (LEI) code: 529900PR2ELW8QI1B775.

Pursuant to article 2 of the Issuer's Articles of Associations, the Issuer's object is to carry on business as a mortgage bank and other business deemed to be related to this object.

The Issuer's share capital amounts to DKK 569,964,023 divided into shares of DKK 1 each. The share capital is not divided into classes. At the date of preparation of the Base Prospectus, the Issuer holds 46,122,083 shares itself, representing 8,1 per cent of the share capital. The remaining share capital consisting of 523,841,940 shares has been fully paid up.

The Issuer's shares are primarily owned by domestic financial institutions. No shareholder holds a controlling

interest. At the date of preparation of this Base Prospectus, the following shareholders have an ownership interest of more than 5 per cent: Jyske Bank A/S, Nykredit Realkredit A/S, Sydbank A/S, Spar Nord Bank A/S, Ringkjøbing Landbobank A/S and PRAS A/S.

The Issuer is not part of a group. The Issuer's shares are not admitted to trading on a regulated market, and any share transaction, that is, transfer of ownership and/or voting rights, is subject to approval by the Issuer's Board of Directors. The Issuer primarily distributes its products (loans) through its shareholding banks, but also through other financial institutions.

The Issuer is licenced by the Danish Financial Supervisory Authority ("DFSA") to operate its business, and the DFSA supervises the Issuer on an ongoing basis.

The Issuer had total assets of DKK 173.4bn (approx. EUR 23.2bn) as at 31 December 2019, and the Issuer's total equity amounted to DKK 13.3bn (approx. EUR 1.8bn) as at 31 December 2019. Profit before tax for the financial year ended 31 December 2019 was DKK 1.085m (approx. EUR 145m). The Issuer had 193 full-time equivalent employees on average in 2019, and 24 part-time employed agricultural valuers.

The Issuer carries on mortgage credit business, including any kind of activities permitted pursuant to the Danish Mortgage-Credit Loans and Mortgage-Credit Bonds, etc. Act and other applicable legislation on mortgage banks in force at any given time.

The Issuer primarily offers mortgage financing of agricultural, forestry and market garden property, private residential rental property, private cooperative property, office and retail property and manufacturing and workshop property.

At 31 December 2019, the Issuer's loan portfolio in terms of nominal outstanding bond debt amounted to DKK 168.2bn, of which loans to Greenland and the Faroe Islands amounted to DKK 2.4bn or 1.6 per cent of the loan portfolio. Total lending to agriculture represented 58 per cent of the outstanding bond debt; lending to owner-occupied dwellings including residential farms represented 5 per cent and lending to commercial properties and private cooperative properties represented 37 per cent (as set out below):

The Issuer's mortgage loans at nominal value by property category as at 31 December 2019	Proportion (per cent)
Agricultural properties, incl. market garden property	57.6
Owner-occupied dwellings, incl. residential farms	4.6
Office and retail properties	16.5
Private residential rental properties	17.5
Private cooperative properties	2..0
Other properties	1.6

Capital structure

The Issuer's capital structure should provide an adequate capital surplus and thus create the foundation for running a sound mortgage-credit business that can sell bonds on competitive terms. Moreover, the capital structure should be based on having the largest possible equity given the cost of other capital components, including Additional Tier 1 capital and Tier 2 capital. The Issuer must also have sufficient surplus to ensure continual loan-to-value (LTV) compliance with respect to covered bond (SDO) loans and to meet over collateral (OC) requirements from the rating agencies and also requirements concerning the accumulation of debt buffers.

The Issuer's capital structure at 31 December 2019 is shown below:

	2019	2018
DLR's own funds at 31 December	(DKKm)	(DKKm)

Ratings

The Issuer is rated by the credit rating agency S&P. The credit rating is assigned to the Issuer by S&P at the request of the Issuer and with the cooperation of the Issuer in the rating process. S&P has been established in the European Community and is registered pursuant to European Parliament and Council Regulation 1060/2009 on credit rating agencies (CRA regulation).

Risk management

As a mortgage credit bank, the Issuer is exposed to various types of risk, such as credit risk, market risk, liquidity risk and operational risk, etc., of which credit risk is the most significant. However, the Issuer's risk of loss is contained by the Issuer's relatively simple business model and fully match-funded lending operations, guarantee and loss-mitigating concepts, limited market risk, etc.

The Issuer has elected to operate with capital resources that exceed the regulatory minimum requirement. The Issuer's capital resources combined with its annual profit, which constitute a front-line buffer against loss, should therefore be able to absorb losses on a substantial scale.

Risk management is a key feature of the Issuer's day-to-day operations. Like other mortgage banks, the Issuer is subject to the Danish Mortgage Credit Loans and Mortgage Credit Bonds, etc. Act, the Danish Financial Business Act, the Executive Order on Bonds and other Executive Orders issued pursuant to the above legislation.

The Issuer applies the specific balance principle as defined in Executive Order on Bonds to its lending activities. Applying the principle means there is a full funding match between the interest and principal payments received by the Issuer from borrowers and the Issuer's payments to bondholders.

In reality, the balance principle means the Issuer's credit business does not assume interest rate, exchange rate or liquidity risk – including prepayment risk. The Issuer's main risk is credit risk, i.e. the risk that a borrower is unable to repay a loan.

The Issuer's Board of Directors has overall responsibility for monitoring and mitigating the risk incurred by the Issuer. Based on the Issuer's business model and risk assessments, etc. the Board of Directors has determined policies and guidelines and hence limits for the risk that the Issuer may assume. Delegation of responsibility throughout the organisation is based on these policies, guidelines and limits.

The Board of Directors is regularly updated on and addresses general risk issues at Board meetings and on an ad hoc basis as the situation requires. Furthermore, a comprehensive assessment of the Issuer's risk situation is prepared and presented at least annually to the Board of Directors, who determines whether risk levels are acceptable. The Issuer's Executive Board is regularly updated at meetings or in writing about the Issuer's risk

profile and is also involved in the ongoing monitoring and management of risks more general or principle in nature within individual risk areas.

The Issuer's Board of Directors has also established a Risk Committee and an Audit Committee to address risk issues. The Audit Committee is tasked with reviewing accounting, auditing and security practices and monitoring the Issuer's internal control and risk management systems. The Risk Committee's duties include advising the Board of Directors on the Issuer's overall current and future risk profile and strategy and helping the Board of Directors ensure its risk strategy is implemented. The Risk Committee also undertakes preparatory work on key materials associated with, for example, risk assessments and with determining the Issuer's adequate own funds and solvency requirement prior to the Board of Directors undertaking its deliberations.

Credit risk

As a mortgage bank, the Issuer only grants loans against a registered mortgage on real property subject to statutory limits on loan-to-value (LTV), etc. This activity means that credit risk, arising from the risk of loss due to a borrower defaulting on payment obligations to the Issuer, constitutes the most significant share of the Issuer's aggregate risk.

Due to the chosen business model, the Issuer's credit risk is limited to and concentrated around agriculture, etc., together with commercial properties (office and retail properties, private residential rental properties, manufacturing and workshop properties, and community power plants) and cooperative housing properties, and – to a limited extent – owner-occupied dwellings in the form of residential farms and also properties on Greenland and the Faroe Islands.

The Issuer's Board of Directors has determined the Issuer's credit policies and guidelines for the granting of credit – including limits for the Executive Board's lending authorities – in order to achieve the desired level of risk. Within the set limits, internal business procedures and instructions further delegate lending authorities to the various sections/persons in the Issuer's organisation.

To identify credit risk, a detailed assessment is made of the mortgageable property and the borrower's finances. The starting point for assessing the mortgageable property is determining its market value. This is done by the Issuer's own valuation experts, who have significant local knowledge. The condition and marketability of the property, etc. are also taken into account in the valuation.

Assessing the customer's finances normally involves several years of financial statements. The assessment process takes into account both general economic factors and individual factors that may affect the loan applicant's score. Budgets are important in connection with purchases and substantial investments, including whether a reasonable financial balance can be achieved based on realistic expectations.

Credit scoring models are used for certain customer segments. Whether additional or more detailed information about the borrower is required varies from case to case and depends on the borrower's financial circumstances. The more complex and risky the case, the more detailed the investigations to ensure an adequate basis for decision-making. The Issuer's organisational set-up ensures a separation of functions between the property valuation and the credit assessment.

As well as cover in the mortgaged property and a detailed credit assessment, the Issuer has further reduced its credit risk on individual loans and its risk at portfolio level via various guarantee scheme provided by the Issuer's loan-distributing banks (the Issuer's shareholders).

At year-end 2019, 97 per cent of the Issuer's loan portfolio was covered by guarantee schemes, including a minor share of the portfolio amounting to around DKK 0.2bn covered by a government guarantee. The bulk of the exposures not covered by guarantees generally have a low loan-to-value (LTV) value.

1. Risk cover – 6 per cent guarantee provision (Universal guarantee concept)

The loan-distributing bank generally provides an individual guarantee on disbursement that covers the individual loan for its entire term and covers the least secure part of the loan. The guarantee covers the outermost 6 per cent of the loan's outstanding debt. In some cases, for example when certain loans that have an extended business guarantee are remortgaged, the Issuer will require a supplementary guarantee to be posted; cf. below. The guarantee is reduced proportionally as the loan is paid down.

2. Risk cover – Loss off-set scheme

The Issuer's universal guarantee concept also encompasses an additional loss off-setting scheme in the commission payments made to the bank where each bank offsets all losses incurred by the Issuer beyond that covered by the 6 per cent guarantee provided at the loan level. Only losses on loans distributed by the particular bank are off-set in commission payments. Losses can be off-set in commissions for up to 10 years.

3. Risk cover – Portfolio guarantee

If losses to be offset exceed the current year's and the following nine years' commissions, the Issuer can demand that such losses be covered by drawing on the portfolio guarantee based on the 6 per cent guarantee provision on individual loans.

At year-end 2019, DKK 112bn, or 73 per cent, of the Issuer's loan portfolio was covered by the universal guarantee concept.

Loans granted up to 31 December 2014

Until 2014 the Issuer's portfolio was covered by two different guarantee concepts that remain active but which will be reduced as the loans are redeemed or paid down, etc.

For loans on commercial property, in other words, private residential rental property, private cooperative housing, office and retail property plus manufacturing and workshop property, the loan-distributing banks have previously provided an individual loan-loss guarantee covering the outermost and most risky part of the loan. The guarantee covered as a minimum that part of the loan that exceeded 60 per cent of the value of residential rental housing and cooperative housing property without a municipal guarantee plus that part of the loan that exceeded 35 per cent of the value of office and retail property.

For manufacturing and workshop property/other property and loans issued on the Faroe Islands and Greenland, more comprehensive guarantees were required. The guarantee amount is reduced proportionally as principal payments are made and the guarantee period generally runs for up to 16 years (potentially longer for loans with interest-only payments).

Loan-loss agreements in the commercial area for loans offered up until the end of 2014 comprise at year-end 2019 a portfolio of DKK 24bn.

Loans on the Faroe Islands and Greenland are not covered by the universal guarantee concept and therefore still require more comprehensive guarantees.

Loans on agricultural and market garden property granted prior to 2015 were also covered by a guarantee agreement between the Issuer and its partner banks under the "cooperative agreement" (the "**Cooperative Agreement**"). This is a collective guarantee scheme for loans granted under the cooperative agreement between the Issuer and the loan-distributing banks that is invoked if the Issuer's aggregate losses on agricultural loans provided by distributing banks exceed a pre-determined amount (the Issuer's excess) within a single calendar year. The excess is defined as 1.5 times the unweighted average of the losses in the preceding five years, though not less than 0.25 per cent of the loan portfolio covered by the agreement. The agreement covered around DKK

22bn of the loan portfolio at year-end 2019. Hence, the Issuer could potentially have to bear losses of up to roughly DKK 55m (the Issuer's excess) in 2020 (0.25 per cent of DKK 22bn).

Each bank's share of the guarantee is proportional to the share of loans it has distributed on behalf of the Issuer, with the banks' total loss limit potentially up to DKK 400m (5 x the Issuer's excess) in 2019. Losses above the Issuer's excess and the banks' total loss limit are borne solely by the Issuer.

Furthermore, the Cooperative Agreement allows the Issuer to offset losses in commission payments to individual banks if loans granted for agricultural or horticultural properties via the bank result in a loss for the Issuer. Losses that cannot be fully offset in commissions for a single year are carried forward and offset in commissions for the following up to nine years.

Finally, loans for public housing construction are generally partly guaranteed by the Danish government or Danish municipalities.

Given both the previous guarantee schemes and the ongoing implementation of the universal guarantee concept, the Issuer's risk of loss in the above-mentioned lending areas may be characterised as manageable and limited.

Credit risk models

The Danish Financial Supervisory Authority has approved the Issuer's transition to the advanced IRB approach for its full-time agriculture portfolio as from Q1 2016.

Advanced models that can be applied to a significant share of the commercial property portfolio are currently under development.

The Issuer's IRB models are based on a statistical approach augmented with 'expert' mathematical corrections. Furthermore, a macroeconomic stress model based on the various rating models has also been developed.

The credit risk models cover the full-time agriculture loan portfolio, which accounts for around half of the Issuer's total lending. The agriculture portfolio is divided into retail (residential, hobby and part-time farms), market garden and full-time farms. Categorisation as full-time farm assumes, among other things, that one or more of the following criteria are met: (i) total agricultural holding of more than 40 ha; (ii) total livestock value of more than DKK 200,000; (3) production type fish farming; or (iv) exposure of more than DKK 2.5m.

The models the Issuer uses to estimate portfolio risk (behavioural score) comprise PD (Probability of Default) and LGD (Loss Given Default). The same structure is involved in a loan application situation, though additional components relevant to the application situation are also included. These factors are combined with the current exposure to calculate risk exposure. A high PD reflects a high risk on a customer, whereas a low PD reflects a low risk on a customer.

LGD indicates the Issuer's financial loss relative to exposure when a customer defaults. The model is based on the Issuer's experience of impairments and distressed properties.

The Issuer regularly monitors portfolio ratings, as credit scores are re-calculated every month. Both the Board of Directors and the Executive Board receive periodical reports on the rating systems and portfolio developments.

The Board of Directors and the Executive Board have to approve any significant changes deemed necessary to the rating systems before they are presented to the Danish Financial Supervisory Authority for approval. The Board of Directors receives a semi-annual, abridged and annotated validation report that shows how all the models have performed.

Executive Secretariat & Risk prepares all validation reports, while Model Development develops the models. Both departments report to the Executive Board and are independent of the rest of the organisation.

Liquidity risk

The risk of loss due to current liquid assets being insufficient to cover current payment obligations is limited for the Issuer. This is because the Issuer adheres to the specific balance principle whereby loan payments match the payments on issued bonds (match funding). Hence, there is a 1:1 correlation between the loan granted to the borrower and the bonds issued by the Issuer to fund the loan.

There are many advantages to this model, which ensures a funding match in terms of maturity, interest rate, currency and loan repayment. Hence, payments received by the Issuer from borrowers less an administration margin to the Issuer (risk and administration fee) perfectly match the amounts the Issuer has to pay bondholders. In general, the balance principle means the Issuer essentially only assumes a credit risk in connection with its lending activities.

As the individual borrower's dates for making interest and principal payments are pre-determined, the Issuer will – assuming due payment – receive the funds prior to or no later than concurrently with the equivalent payments falling due to bondholders. A mismatch will only occur when the frequency of the borrower's payments is higher than the Issuer's payments on the underlying bonds (for example, ARM loans). For the Issuer, this will result in a regular liquidity surplus (prepaid funds).

Loan prepayments (immediate redemptions) also give the Issuer additional liquidity, which is then invested until the amount has to be paid out to bondholders as extraordinary drawings. Like the liquidity from immediate redemptions, excess liquidity from prepaid funds is placed in secure, liquid bonds or as term deposits with banks and ring-fenced from the rest of the securities portfolio.

The Issuer's Board of Directors has determined that liquid funds must be placed in financial institutions that are subject to Danish law. The maximum deposit at any one bank may be 25 per cent of the Issuer's capital base, cf. Article 395 of the CRR, though deposits must not exceed 35 per cent of the bank's eligible capital.

Operational risk

Operational risk reflects the risk of loss resulting from unsuitable or deficient internal procedures, human error or actions, system errors, or from external events. Legal risk and model risk are also operational risks.

The Issuer's Board of Directors has therefore set policies and guidelines for operational risk and insurance coverage with the aim of reducing the Issuer's risk as much as possible.

IT constitutes a key operational risk area. The Issuer's management therefore regularly addresses IT security, including contingency planning and emergency plans, etc.

The Issuer constantly strives to minimise operational risk by, for example, establishing control procedures, authorisations, emergency procedures, back-ups, business procedures, automatic updates, contingency plans, etc. The Issuer's Compliance function also helps minimise operational risk. Moreover, various process descriptions have been produced to provide instructions for pertinent procedures and to define an area's allocated responsibilities. These measures help ensure the Issuer complies with both external and internal requirements.

The Issuer also registers losses or potential losses attributable to operational risk. The Issuer's Executive Board is regularly updated on operational incidents, while the Issuer's Risk Committee is updated quarterly. The Issuer's Board of Directors is regularly updated on operational events that exceed a pre-determined limit and at least annually on all operational incidents that have occurred.

As the Issuer is considered a relatively "simple" business with few products and business areas, the Issuer's operational risk is estimated to be limited overall.

TAXATION

Persons considering the purchase, ownership or disposition of the Notes should consult their own tax advisers concerning the tax consequences in the light of their particular situations. No representations with respect to the tax consequences of any particular Noteholder are made hereby.

Kingdom of Denmark

The following is a summary description of the taxation in Denmark of the Notes according to the Danish tax laws in force at the date hereof and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of the Notes, and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as professional dealers in securities) may be subject to special rules. Potential investors are under all circumstances strongly recommended to contact their own tax advisor to clarify the individual consequences of their investment, holding and disposal of the Notes. The Issuer makes no representations regarding the tax consequences of purchase, holding or disposal of the Notes.

Taxation at source

Under existing Danish tax laws no general withholding tax or coupon tax will apply to payments of interest or principal or other amounts due on the Notes, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to in Consolidated Act no. 1084 of 26 June 2020, as amended. This will not have any impact on Noteholders who are not in a relationship whereby they control, or are controlled by, the Issuer or where the Noteholders and the Issuer is not controlled by the same group of persons.

Resident Noteholders

Private individuals, including persons who are engaged in financial trade, companies and similar enterprises resident in Denmark for tax purposes or receiving interest on the Notes through their permanent establishment in Denmark are liable to pay tax on such interest.

Capital gains are taxable to individuals and corporate entities in accordance with the Consolidated Act no. 1283 of 25 October 2016 (as amended) on taxation of debt, debt claims and financial contracts (in Danish “*Kursgevinstloven*”) (the “**Act**”). Gains and losses on Notes issued to corporate entities are generally included in the taxable income in accordance with a mark-to-market principle (in Danish “*lagerprincippet*”), i.e. on an unrealised basis. Gains and losses on Notes issued to individuals are generally included in the taxable income on a realised basis and if the annual gains or losses do not exceed DKK2,000, the gains or losses will be exempt from taxation.

Gains and losses on Notes, which are subject to adjustments on principal or interest as set out in section 29(3) of the Act will be taxable on an annual basis in accordance with a mark-to-market principle (in Danish “*lagerprincippet*”) as further specified in the Act.

A variety of features regarding interest and principal may apply to the Notes. The applicable taxation of capital gains to corporate entities or individuals will depend on the features applicable to the Notes in question.

Pension funds and other entities governed by the Danish act on taxation of pension yield (in Danish “*Pensionsafkastbeskatningsloven*”) would, irrespective of realisation, be taxed on annual value increase or decrease of the Notes according to a mark-to-market principle (in Danish “*lagerprincippet*”) as specifically laid down in the act.

Non-Resident Noteholders

Under existing Danish tax laws, payments of interest or principal amounts to any non-resident Noteholders are not subject to taxation in Denmark, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to under “Taxation at source” above. Thus, no Danish withholding tax will be payable with respect to such payments and any capital gain realised upon the sale, exchange or retirement of a Note will not be subject to taxation in Denmark, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to under “Taxation at source” above.

This tax treatment applies solely to Noteholders who are not subject to full tax liability in Denmark or included in a Danish joint taxation scheme and do not carry on business in Denmark through a permanent establishment.

The Proposed Financial Transactions Tax (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (each, other than Estonia, a “**Participating Member State**”). However Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, “established” in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

However, the FTT proposal remains subject to negotiation between the Participating Member States. It may therefore be altered prior to any implementation. Additional European Union Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

Placing and underwriting

The Issuer has not entered into any dealer or underwriting agreement under which a third party undertakes to place Notes. In connection with an offer and placement of Notes through one or more Dealers, including where Notes are to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers, the Issuer may enter into a subscription agreement with the relevant Dealer(s) concerning that offer of Notes (a “**Subscription Agreement**”). If entered into, such Subscription Agreement is expected to provide that the Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer.

If entered into, the Subscription Agreement will provide that the Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer may agree in the Subscription Agreement to reimburse the Dealers for certain of its expenses incurred in connection with the offer of the Notes.

The Issuer may agree in the Subscription Agreement to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. If entered into, the Subscription Agreement is expected to entitle the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling restrictions

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Each Dealer will be required to represent and agree, that, except as permitted by the Subscription Agreement, it has not offered, sold or delivered and will not offer, sell or deliver the Notes of any identifiable Tranche (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each Dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Prohibition of Sales to EEA and United Kingdom Retail Investors

Unless the relevant Final Terms, in respect of any Notes specifies the “Prohibition of Sales to EEA and United Kingdom Retail Investors” as “Not Applicable”, each Dealer will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the relevant Final Terms, in relation thereto to any retail investor in the EEA. For the purposes of this provision:

- (a) the expression “retail investor” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or

- (ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression an “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the relevant Final Terms, in respect of any Notes specifies “Prohibition of Sales to EEA and United Kingdom Retail Investors” as “Not Applicable”, then in relation to each Member State of the EEA and the United Kingdom (each, a “**Relevant State**”), each Dealer will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant State except that it may make an offer of such Notes to the public in that Relevant State:

- (i) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (ii) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (iii) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in (i) to (iii) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

United Kingdom

Each Dealer will be required to represent and agree, that:

- (i) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold, and will not offer or sell, any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or as agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 (the “**FSMA**”) by the Issuer;
- (ii) in relation to any Notes issued by the Issuer, it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Kingdom of Denmark

Each Dealer will be required to represent and agree that it has not offered or sold and will not offer, sell or deliver any of the Notes directly or indirectly in the Kingdom of Denmark by way of a public offering, unless in compliance with, as applicable, the Prospectus Regulation, the Danish Act on Capital Markets and Executive Orders issued thereunder and in compliance with Executive Order no. 1580 of 17 December 2018 (as amended, supplemented or replaced from time to time) issued pursuant to the Danish Financial Business Act.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the “**Financial Instruments and Exchange Act**”). Accordingly, each Dealer will be required to represent and agree, that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, a resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)) or to others for re-offering or re-sale, directly or indirectly, in Japan or to, or for the benefit of, any resident in Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Act and other relevant laws and regulations of Japan.

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers following a change in a relevant law, regulation or directive.

No representation is made that any action has been or will be taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of this Base Prospectus or any other offering material or any relevant Final Terms in any country or jurisdiction where action for that purpose is required.

Each Dealer is expected to agree in the Subscription Agreement that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes this Base Prospectus, any other offering material or any relevant Final Terms and neither the Issuer nor any other Dealer shall have responsibility therefor.

None of the Issuer and the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale. Persons into whose hands this Base Prospectus or any Final Terms come are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute or publish this Base Prospectus or any Final Terms or any related offering material, in each case at their own expense.

FORM OF FINAL TERMS

The form of Final Terms that will be issued in respect of each Tranche of Notes, subject only to the deletion of non-applicable provisions, is set out below:

[Prohibition of sales to EEA and United Kingdom retail investors

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”) or in the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended) (“**MiFID II**”); (ii) a customer within the meaning of Directive 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the “**Prospectus Regulation**”). Consequently no key information document required by Regulation (EU) no. 1286/2014 (as amended) (the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the United Kingdom has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the United Kingdom may be unlawful under the PRIIPs Regulation. *[Include unless the Final Terms specifies “Prohibition of Sales to EEA and United Kingdom Retail Investors” as “Not Applicable”]*

[MIFID II product governance / Professional investors and eligible counterparties only target market

Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/54/EU (as amended) (“**MiFID II**”)/MiFID II]; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer’s target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer’s target market assessment) and determining appropriate distribution channels. *[Include unless the Final Terms specifies “Prohibition of Sales to EEA and United Kingdom Retail Investors” as “Not Applicable”]*

[Amounts payable under the Notes will be calculated by reference to *[specify benchmark (as this term is defined in the Benchmarks Regulation)]* which is provided by *[legal name of the benchmark administrator]*. As at the date of these Final Terms, *[legal name of the benchmark administrator]* *[appears/does not appear]* on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority pursuant to Article 36 of Regulation (EU) 2016/1011.

[As far as the Issuer is aware, *[specify benchmark (as this term is defined in the Benchmarks Regulation)]* *[does not fall within the scope of Regulation (EU) 2016/1011 by virtue of Article 2 of that regulation/the transitional provisions in Article 51 of Regulation (EU) 2016/1011 apply]* such that *[legal name of the benchmark administrator]* is not currently required to obtain authorisation or registration (or, if located outside the European Union and the United Kingdom, recognition, endorsement or equivalence).*[Include if amounts payable under the Notes will be calculated by reference to a benchmark]*]

GENERAL INFORMATION

- (1) The Issuer has obtained all necessary consents, approvals and authorisations in the Kingdom of Denmark in connection with the establishment of the Programme. The current update of the Programme was authorised by a special authority of the board of directors of the Issuer dated 24 October 2019. The relevant Final Terms will, if required for the issuance of the particular tranche of Notes, specify the date for approval for the relevant issuance of the particular tranche of Notes.
- (2) The relevant Final Terms will specify whether the Issuer has made application for the relevant Tranche of Notes to be admitted to trading on a regulated market. The Final Terms will specify the estimate of total expenses related to the trading on the regulated market for the relevant Tranche of Notes.
- (3) The Issuer is not nor has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) during the 12 months preceding the date of this Base Prospectus which may have or has had in the recent past significant effects on the financial position or profitability of the Issuer.
- (4) There has been no material adverse change in the prospects of the Issuer since the date of the Issuer's last published audited financial statements, and there has been no significant change in the financial performance of the Issuer since the end of the last financial period for which financial information has been published. There has been no significant change in the financial position of the Issuer which has occurred since the end of the last financial period for which either audited financial information or interim financial information have been published.
- (5) Profit expectations or forecasts for the Issuer have not been included in this Base Prospectus due to the fact that such expectations or forecasts are not considered material to the listing of the Notes.
- (6) No material contracts have been entered into other than in the ordinary course of its business which could result in the Issuer being under an obligation or entitlement that is material to the Issuer's ability to meet its obligations to holders of the Notes.
- (7) No information stated in the Base Prospectus originates from third parties, and the Base Prospectus does not include expert statements or reports.
- (8) Each Tranche of Notes will be issued in uncertificated and dematerialised book entry form cleared through VP. The Common Code, the International Securities Identification Number ("ISIN"), Financial Instrument Short Name ("FISN"), Classification of Financial Instruments Code ("CFI") (as applicable) and (where applicable) the identification number for any other relevant clearing system for each Tranche and Series of Notes will be set out in the relevant Final Terms. If the Notes are to clear through an additional or alternative clearing system, the appropriate information will be specified in the relevant Final Terms or in a supplement to the Base Prospectus.

The address of VP is Weidekampsgade 14, P.O. Box 4040, DK-2300 Copenhagen S, Denmark. The address of any alternative clearing system will be specified in the relevant Final Terms or supplement as applicable.

- (9) The method of, and deadline for, payment and delivery of the Notes may be agreed between the Issuer and the investors in the Notes. Legal title to the Notes will exclusively be evidenced by book entries in the register of VP Securities A/S. The Notes will not be exchangeable for physical notes. Registration and settlement of transactions in respect of the Notes will take place in accordance with the rules and procedures for the time being of VP Securities A/S.

- (10) A bridge currently exists between VP and each of Clearstream Banking S.A. (“**Clearstream**”) and Euroclear Bank, SA/NV (“**Euroclear**”, and together with Clearstream and VP Securities A/S and referred to as the “**Securities Depositories**” and each referred to as a “**Securities Depository**”). Holders of accounts with Clearstream and/or Euroclear will be able to purchase Notes without holding an account with VP. Holders of accounts with any Securities Depository will be able to transfer Notes to account holders with any other Securities Depository in accordance with the rules and procedures for the time being of the relevant Securities Depository.
- (11) In relation to any Tranche of Fixed Rate Notes an indication of yield in respect of such Notes will be specified in the relevant Final Terms. The yield will be calculated at the issue date of the relevant Tranche on the basis of the issue price. It will not be an indication of future yield.
- (12) The issue price and the amount of the Notes will be determined, before filing of the relevant Final Terms, of each Tranche, based on the prevailing market conditions.
- (13) For so long as Notes may be issued pursuant to this Base Prospectus, the following documents can be viewed online at the Issuer’s website: www.dlr.dk:
- (i) the Articles of Association of the Issuer;
 - (ii) the Annual Reports of the Issuer and the Interim Report of the Issuer;
 - (iii) the most recently published audited annual financial statements of the Issuer and the most recently published unaudited interim financial statements (if any) of the Issuer;
 - (iv) each relevant Final Terms; and
 - (v) a copy of this Base Prospectus together with any supplements to this Base Prospectus.

For as long as Notes may be issued pursuant to this Base Prospectus, a physical copy of the Articles of Incorporation of the Issuer will be available, during usual business hours on any weekday (Saturday and public holidays excepted), for inspection at the office of the Issuer in Denmark.

Information contained in the above documents, other than information listed in the table on pages 33-34 in “*Documents Incorporated by Reference*”, is for information purposes only and does not form part of this Base Prospectus. This Base Prospectus is published on the website of Nasdaq Copenhagen A/S (<http://www.nasdaqomxnordic.com>).

- (14) Deloitte Statsautoriseret Revisionspartnerselskab, Weidekampsgade 6, DK-2300 Copenhagen S, represented by Danish State-Authorised Public accountants Henrik Wellejus and Brian Schmit Jensen have audited the Issuer’s financial statements for each of the financial years ended 31 December 2019 and 31 December 2018, without qualification, in accordance with Directive 2014/56/EU and Regulation (EU) 537/2014 and in accordance with the Financial Reporting Standards as approved by the European Union pursuant to Regulation (EC) No 1606/2002 as well as Danish information requirements for issuers of listed bonds. The Issuer’s external auditor is a member of the Danish Auditors Association (FSR).
- (15) This Base Prospectus does not refer to audited information other than that contained in the Annual Reports of the Issuer. As the Issuer publishes an audited annual report every February, the most recently audited financial information will never be more than fourteen months old.
- (16) Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services to the Issuer in the ordinary course of business. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities

(or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

- (17) The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.
- (18) In this Base Prospectus, references to websites are inactive textual references and are included for information purposes only. The contents of any such website shall not form part of, or be deemed to be incorporated into, this Base Prospectus and has not been scrutinised or approved by the Danish Financial Supervisory Authority.
